Dear Sir,

Please find below the link to the spreadsheet containing details of the scholarship applicants. This year, there are a few other alumni interested in providing scholarships as well. Mr Pavan Savant (Production '94) would be interested in helping Girl Students and Mr. Lokin Chemburkar (Electronics '97) is open to helping all students.

Dear Shubhangi,

Check the highlighted column for data requested.

As per your queries,

1. TFWS (Tution Fee Waiver Students): Parent's annual income should be less than Rs. 6,00,000. Student should produce income certificate at the time of admission process which issued by the competent authority of government. By government rule, these students only pay a minimum of fees (in Bhushan's case its Rs. 21,089/-). **By government rule, they can apply for any scholarships.**

Note: Bhushan is a final year student, who has already paid his complete fees. So far in past years, we have only adjusted the scholarship amount in their current year or next year's fees (in case the student has already paid the fees).

2. Sumit Rai- has paid complete fees for this year (1,64,984/-) . he also got other alumni scholarship last year (37,750/-) which was adjusted in his this years fees.

Dear Pavan,

Its our pleasure to know that you have shown interest in providing scholarship towards girl students.

As already communicated to you, this scholarship initiative is to financially help meritorious and financially needy students to encourage them in their studies.

From our past conversations:

Among all applicants we had shared with you details of 2 girl applicants. You have already interviewed both the candidates on 11th March 2023.

We would hence like to know what are your plans for them. Also would like to know the organization/ team name under which you would like to add this scholarship and other details.

For our reference,

I am also attaching proof of our whatsapp conversation for the team's reference.
