## TO WHOM IT MAY CONCERN

This is to certify that **Karan Rajesh Mamankya**, final year student of electronics engineering from PCCRCB has completed his internship from 21/11/2017 to 22/12/2017. During the period of internship he has successfully developed an IR based light control circuit.

We wish him the very best for all his future endeavours.  
Regards,

  
Santosh Singh  
(Easydent)  
Proprietor

April 18th, 2018.

To whomsoever it may concern

This is to certify that **Ms. Shreya Wazir** has successfully, completed her internship from **10th January, 2018 to 16th March, 2018** at **X Billion Skills Lab Private Limited**.

About X Billion Skills Lab (XBSL) - A majority of Indian graduates are unemployable. XBSL is working on creating a product that will give millions access to learning future-relevant skills in <\$100, while bridging the infrastructure gap in emerging markets.

During the course of her internship, Shreya was regular in her work days and worked on **XBSL's Business Intelligence Research plan**. Through detailed secondary research on industries, companies and trends in the Indian economy, she was able to identify skills and job roles that will be relevant in the next five years in India for specific sectors. She also conducted primary interviews with employees to ascertain specific requirements of the identified job roles.

We were impressed with Shreya's enthusiasm, communication skills, and professional demeanour. She multitasks effectively and is able to handle high-volume workload with ease. She was an extremely quick learner and delivered as per the expectations.

She has our highest recommendation and we wish her every success in his future endeavors.

Sincerely,

Rishi Razdan  
Co-founder and CEO  
X Billion Skills Lab
