DATA ANALYTICS

23rd and 24th March 2018

ORGANISED BY

Department of Information Technology

Fr. Conceicao Rodrigues College of Engineering, Bandra

ABOUT THE COLLEGE

Fr. Conceicao Rodrigues College of Engineering (CRCE) was established in 1984 as part of Fr. Agnel Technical Complex at Bandra, Mumbai by the Society of St. Xavier Pillar and is named after its founder the late Rev. Fr. Conceicao Rodrigues. The College is affiliated to the University of Mumbai. The college offers Bachelor Degree courses in Production Engineering, Electronics Engineering, Computer Engineering and Information Technology. The College also offers full-time Masters Degree courses in Production Engineering (Robotics), Electronics Engineering and part-time Production Engineering (Manufacturing). The College is located at Bandstand, Bandra, Mumbai in a picturesque environment surrounded by the Arabian Sea.

VISION AND MISSION

"Moulding engineers who can build the Nation"

Fr. CRCE has been a center of excellence in engineering education, moulding engineers with state-of-the art technologies, innovative skills and human values matching with the growing expectations of corporates and society, and thus plays an effective role in nation building.

ABOUT DATA ANALYTICS

Data analytics is the process of examining large and varied data sets -- i.e., big data -- to uncover hidden patterns, unknown correlations, market trends, customer preferences and other useful information that can help organizations make more-informed business decisions.

Data analytics applications enable data scientists, predictive modelers, statisticians and other analytics professionals to analyze growing volumes of structured transaction data, plus other forms of data that are often left untapped by conventional business intelligence (BI) and analytics programs

HIGHLIGHTS OF THE PROGRAM

- Basic understanding of Data Analytics
- Demonstration of Data Analytics fundamentals using Case studies
- Discussion on various opportunities and Carrier scope in Data Analytics

PROGRAM SCHEDULE

Day1:

(Time: 9:30 a.m. to 5:00 p.m.)

- Inauguration
- Basic Understanding of Data Analytics
- Foundational Features of Data Analytics
- Applications and trends of Data analytics

Day2:

(Time: 9:30 a.m. to 5:00 p.m.)

- Introduction and recap from previous day
- Lecture session on ETL with real time example.
- Introduction various DA Tools in market.
- Solving of DA Case studies on Excel
- Discussion on advanced Data Analytics from carrier perspective.
- Valedictory Function and Closure

TARGET AUDIENCE

- Faculty members from varied engineering disciplines
- SE, TE, BE students from varied engineering disciplines.

RESOURCE PERSONS

About College

Fr. Conceicao Rodrigues College of Engineering (CRCE) was established in 1984 as part of Fr. Agnel Technical Complex at Bandra, Mumbai by the Society of St. Xavier Pilar and is named after its founder the late Rev. Fr. Conceicao Rodrigues. The College is affiliated to the University of Mumbai and offers Bachelor's Degree in Production Engineering, Electronics Engineering, Computer Engineering and Information Technology. The College also offers full-time Masters' Degree courses in Production Engineering (CAD-CAM) and Electronics Engineering and Ph. D. in Electronics Engineering. The Electronics Department has organized many FDPs & Conferences on topics related to emerging areas in technology. The College is located at Bandstand, Bandra, Mumbai in a picturesque environment surrounded by the Arabian Sea.

Purpose

The FDP is aimed and designed to provide a better exposure for the faculty and students who intend to develop applications on FPGA. FPGAs are very popular due to their reconfigurable nature and provide solutions to many applications such as Consumer electronics, security systems, video & Image processing, wireless communication, medical electronics, aerospace, defense, neural networks etc.

Objective

- To equip faculty to prepare for topics in the revised syllabus of VLSI design
- To familiarize faculty with concepts related to digital, analog and mixed signal VLSI

Course Content

The course covers following topics:-

- FPGA architecture and design flow
- Create and debug HDL designs
- Synthesis & simulation mismatch and its relevance in FPGA design environment
- Use of IP cores in FPGA based system design
- Timing analysis in FPGA based designs
- Configuration in FPGA architecture features
- Extend the hardware system with Xilinx provided peripherals & Hardware debugging
- Case studies on FPGA implementation
-

Report

Two Days Faculty Development Program

on

“Hands on FPGA applications”

(February 23rd and 24th, 2018)

Convener

Dr. D.V. Bhoir

(Head of Electronics Dept.)

Co-ordinators

Ms. Sangeeta Pashionikar

Ms. Archana Lopes

Objective:

The FDP is aimed and designed to provide a better exposure for the faculty and students who intend to develop applications on FPGA. FPGAs are very popular due to their reconfigurable nature and provide solutions to many applications such as Consumer electronics, security systems, video & Image processing, wireless communication, medical electronics, aerospace, defense, neural networks etc. The main objective of the course was to identify emerging areas and develop new FPGA applications and enhance curriculum development. FDP also aim to provide practical exposure to participants and motivation to pursue their research work.

Participants:

We received **34 registrations**. Details are given in Annexure I

Arrangements:

Breakfast, tea and lunch were arranged for all the members reported for the program on both the days. Participants were given folder, writing pad and pen. Soft copy of all the presentations were mailed to them.

Programme Details:

The workshop was inaugurated on 23rd February 2018 at 9:30 am by Principal Dr. Srija Unnikrishnan and Dr. D.V. Bhoir, Head of Electronics Department. They also addressed the participants at the inaugural function.

Immediately after the inauguration, the session was started by **Mr. Abhay Phansikar, Acevin Solutions**. He introduced participants to FPGA, FPGA resources, its features and advantages. Sir guided them in when and for what all applications, FPGA can be used. He also discussed various case studies such as Radar timing controller, Video mixer, camera system management and Missiles & Munitions etc.

Post lunch session on first day was conducted by **Mr. Ganesh Gore, Chief Training Officer, Eduvance Ltd**. Sir started his session by introducing vhdl to participants.

Second day started with hands on FPGA. Participants were divided in groups of two. They started with the basic program of inverter, flip flops and so on. Sir told participants about various xilinx versions and FPGA boards and about selection of boards for the projects.

After this in the valedictory function, certificates were distributed to the participants . The programme concluded with vote of thanks by the co ordinators.

ACKNOWLEDGEMENT:

The coordinators of the workshop convey their sincere thanks for the help, commitment and dedication of all the faculty and supporting staff of CRCE for their timely support and assistance in organizing this event.

The coordinators wish to place on record their appreciation of the significant contribution and cooperation rendered by all the expert speakers for the smooth coordination of the program.

Last but not the least, we wish to thank all our participants for being a part of this event and make it a success.

Coordinators:

Ms. Sangeeta Parshionikar

Ms. Archana Lopes

ABOUT COURSE

Fr. Conceicao Rodrigues College of Engineering (CRCE) was established in 1984 as part of Fr. Agnel Technical Complex at Bandra, Mumbai by the Society of St. Xavier Pillar and is named after its founder the late Rev. Fr. Conceicao Rodrigues. The College is affiliated to the University of Mumbai. The college offers Bachelor Degree courses in Production Engineering, Electronics Engineering, Computer Engineering and Information Technology. The College also offers full-time Masters Degree courses in Production Engineering (Robotics), Electronics Engineering and part-time Production Engineering (Manufacturing). The College is located at Bandstand, Bandra, Mumbai in a picturesque environment surrounded by the Arabian Sea.

VISION AND MISSION

"Moulding Engineers who can Build the Nation" Fr. CRCE has been a center of Excellence in Engineering Education, moulding engineers with state-of-the art technologies, innovative skills and human values matching with the growing expectations of corporates and society, and thus plays an effective role in nation building.

ABOUT

Machine Learning (ML) is a specialized sub-field of Artificial Intelligence (AI), where algorithms can learn and improve themselves by studying high volumes of available data. Machine Learning aspires to mimic the human brain – learning by observation.

This course provides an introduction to machine learning, data mining, and statistical pattern recognition. There will be hands-on session on supervised learning algorithms (parametric/non-parametric algorithms, support vector machines, kernels).

- Machine Learning Basic
- Decision Tree Classifier - Information Gain / Gini Impurity / CHAID
- Over Fitting
- Ways to Overcome Overfitting
- Ensemble Learning
- Random Forrest
- Dimensionality Reduction
- Support Vector Machine(SVM)
- Hands on IRIS Data

ABOUT INSTITUTE

Fr. Conceicao Rodrigues College of Engineering (CRCE) was established in 1984 as a part of Fr. Agnel Technical Complex at Bandra, Mumbai by the Society of St. Xavier Pilar and is named after its founder the late Rev. Fr. Conceicao Rodrigues. The college is affiliated to the University of Mumbai. The college offers Bachelor Degree courses in Production Engineering, Electronics Engineering, Computer Engineering, and Information Technology. The College also offers full-time Masters Degree courses in Production Engineering (CAD-CAM with Robotics) and Electronics Engineering and doctoral programmes in Electronics Engineering and Mechanical Engineering. The institute has organized many FDPs on topics related to emerging areas in technology and as well as in relevant topics.

VISION AND MISSION

"Moulding Engineers who can Build the Nation" Fr. CRCE has been a center of Excellence in Engineering Education, moulding engineers with state-of-the art technologies, innovative skills and human values matching with the growing expectations of the corporate and the society and thus plays an effective role in nation building.

ABOUT DEPARTMENT

The Department of Electronics Engineering was established in 1987. The Department conducts 4 year undergraduate course (B.E. Electronics), 2 year Post-graduate course (M.E. Electronics) and Research Center in Electronics Engineering. The Department has committed faculty with rich teaching and industrial experience with quality publications. The department is accredited by National Board of Accreditation till 2020. The academic performance and real life project execution is the strength of the department. The department works with the commitment and resolve to keep the laboratories updated with the latest technologies in hardware and software field. This helps to adopt innovative teaching methodologies and impart quality education in the field of Electronics Engineering.

PURPOSE

Advance pedagogy is the way to enhance teaching and learning experience. Different innovative teaching methods are now in use across the globe. Use of Information and Communication tools for different tasks like teaching, designing question papers, assessment of student, feedback and research methodology needs to be adopted by teachers. Teachers should thus apply themselves to utilizing innovative methods so that the students' learning process is as free-flowing as possible and that the methodology they adopt is conducive to learning. This programme aims at giving the teachers exposure to innovative teaching and learning methodologies and application of ICT in order that they can motivate and engender a spirit of learning as well as enthusiasm on the part of students.

COURSE CONTENT

The course covers the following topics:

- Pedagogy Techniques for classroom teaching
- Design thinking for teaching and curriculum
- Open source tools for teaching learning
- Disruptive technologies in education
- Effective use of ICT for classroom teaching

RESOURCE PEOPLE

The sessions will be conducted by the renowned Faculties in the field of Education Technology and Innovative teaching.

REGISTRATION FEES

Participants from academic Institutes: Rs. 800/- Mode of Payment: Cheque/Demand Draft/ Cash

TARGET AUDIENCE

This course is intended for faculty members and PG students who desire to make career in teaching profession.

Fr. Conceicao Rodrigues College of Engineering (CRCE) was established in 1984 as part of Fr. Agnel Technical Complex at Bandra, Mumbai by the Society of St. Xavier Pilar and is named after its founder the late Rev. Fr. Conceicao Rodrigues. The College is affiliated to the University of Mumbai. The college offers Bachelor Degree courses in Production Engineering, Electronics & Computer Science, Computer Engineering, Mechanical Engineering and Information Technology. The College also offers full-time Masters Degree courses in Mechanical Engineering (CAD-CAM with Robotics) and Doctoral Programmes in Electronics Engineering and Mechanical Engineering. The College is located at Bandstand, Bandra, Mumbai in a picturesque environment surrounded by the Arabian Sea.

VISION AND MISSION

"Moulding Engineers who can Build the Nation" Fr. CRCE has been a center of Excellence in Engineering Education, moulding engineers with state-of-the art technologies, innovative skills and human values matching with the growing expectations of corporates and society, and thus plays an effective role in nation building.

ABOUT THE COURSE

Android programming is the need of an hour. Businesses today are turning to mobile applications to tap a higher customer base It allows you to develop feature rich applications with great functionality and usability.

- Features of Android**
- Faster deployment
 - Target multiple platforms
 - Versatility and Scalability
 - Enhanced Security
 - Customization

- Installing Android Studio and Cross Platform Integrated Environment.
- Develop User Interface and Layouts for Android App.
- Use Intents to broadcast data within and between Applications.
- Use Content providers and Database handling using SQLite.
- Android APIs for Camera and Location Based Service.

BENEFITS TO PARTICIPANTS

- Early exposure to BE Course.
- Case Study based teaching approach.
- Helpful in developing mini projects
- Hands on Workshop.

ANDROID

HIGHLIGHTS

Android App Building contest with attractive cash prizes.

COURSE FEES

- Faculty Rs. 800/- (including meals)
- Students Rs. 150/- (excluding meals)

ABOUT THE INSTITUTE

Fr. Conceicao Rodrigues College of Engineering (Fr. CRCE) was established in 1984 as a part of Fr. Agnel Technical Complex at Bandra, Mumbai by the Society of St. Xavier Pilar and is named after its founder the late Rev. Fr. Conceicao Rodrigues. The Institute is affiliated to the University of Mumbai and offers Bachelor's Degree courses in Production Engineering, Electronics and Computer Science, Computer Engineering and Mechanical Engineering. The Institute also offers full-time Masters Degree course in Mechanical Engineering (CAD-CAM with Robotics) and Doctoral programmes in Electronics Engineering and Mechanical Engineering. The Institute has organized many programmes on topics related to emerging areas in technology.

ABOUT THE DEPARTMENT

The Department of Electronics Engineering was established in 1987. The department conducts 4-year undergraduate course in B.E. Electronics. The Department has committed faculty with rich teaching and industrial experience and is accredited by National Board of Accreditation (NBA) till 2020. Based on the current market demand, the course has been changed to Electronics and Computer Science and reframed with an optimum mix of subjects in Electronics as well as Computer Science. The department works with the commitment and resolve to keep the laboratories updated with the latest technologies in hardware and software. This helps in adopting innovative teaching methodologies and imparting quality education in the field of Electronics and Computer Science.

PURPOSE

Python is a language that is remarkably easy to learn, and it can be used as a stepping stone into other programming languages and frameworks. It is open source and community developed. Python is widely used by a number of big companies including Google, Pinterest, Instagram, Disney, Yahoo!, Nokia, IBM, and many others. The Raspberry Pi - which is a mini computer and DIY lover's dream - relies on Python as it's main programming language too. Most automation, data mining, and big data platforms rely on Python. Python allows for a more productive coding environment than massive languages.

COURSE CONTENT

The course includes Hands-on sessions on the following topics:

- Basics of Python
- Advanced Python:
 - Python File Handling
 - Python Database Connectivity
 - Introduction to Web Framework
 - Introduction to Data Science and Machine Learning

RESOURCE FACULTY

The sessions will be conducted by Industry personnel.

REGISTRATION FEES

Faculty: Rs. 700/-
Students: Rs. 500/-
Mode of Payment: Cheque/Demand Draft/ NEFT

TARGET AUDIENCE

This course is intended for faculty members and students who desire to learn Python Programming.

About the Student Development Programme

CRCE has been successful in maintaining its high placement statistics over the years and the fact that our students bear the recession blues with record breaking placements itself is a testimony to our quality. Our ingenious alumni have set new standards in the corporate world through their estimable contributions.

With the coronavirus pandemic wreaking havoc on businesses, Engineering students are staring at an uncertain future as companies are showing little interest in college recruitment, while those already hired are either seeing offers rescinded or deferred. With companies putting their recruitment drives on hold, students in India are staring at a tough year ahead.

We at CRCE are committed to providing the best of training to our students and will try to defeat the COVID19 situation and ensure healthy placement drives. We need our students to be part of this proactive step. This SDP aims at grooming our upcoming batch of students to be job ready for placements in IT/Software and other core companies by making their computer science and other core fundamentals strong with emphasis on improving coding & problem-solving skills and enriching their skill set.

We have invited industry players on board for this programme, who are doing well in their respective careers. These speakers will enlighten you about the industry perspective of the placement process and how they assess a potential candidate for the job. Our brilliant alumni's will share their interview experiences and provide tips on do's and don'ts of the interview process. There will be sessions by experts on cutting edge technologies and trending programming languages.

We are sure that after attending this Student Development Programme, students will notice a huge improvement in their confidence and will have a clearer picture of the interview process, and ability to crack the same, making you all ready for the challenges ahead.

Programme Content

1. OOPS concepts for interview preparation.
2. Competitive Coding Interview Questions.
3. Company specific interview tips.
4. Do's and Don'ts of the Interview Process.
5. Story from the other side: How an interviewer assesses a candidate.
6. Group Discussion: Tips and tricks.
7. Cloud Computing services adaption in Projects.
8. Golang For Microservices and its applications.
9. Angular Js and JDBC integration with demo application.
10. Jenkins tool for Continuous code Integration.
11. Web application, Infrastructure deployment using Apache, Tomcat & IIS Web Server.
12. How to prepare for Linux based interview questions.

1. Objective of SDP

Computer Engineering department of fr. Conceicao Rodriguez college of Engineering had organised a first ever online five days Student Development program on "**Grooming for placements by Industry Experts**" from 24th to 28th May, 2020. The objective of the workshop was to groom upcoming batch of students from all branches of our college to be job ready for placements in IT/Software and other core industries by making their computer science and other core fundamentals strong by emphasizing on improving coding ,problem-solving skills and enriching their skill set. The main highlight of the program was our resource persons who were experts from reputed industries excelled in their chosen career. The Experts enlightened students about the industry perspective of selecting potential candidates , guided them about the skills needed and gave them the roadmap by providing resources and motivation to get a better placement opportunity in dream and superdream companies. Our brilliant alumni shared their interview experiences and provided tips on do's and don't of the interview process. Students were made aware of cutting edge technologies and trending programming languages through sessions on Jenkins,golang and angular js.

2. SDP Contents

The following topics were covered in the course

1. Interview Preparation checklist
2. OOPS concepts for interview preparation.
3. How to prepare Database Interview Questions
4. Competitive Coding Interview Questions.
5. Story from the other side: How an interviewer assesses a candidate
6. How to prepare for Linux based interview questions and learning Linux skills from industry perspective
7. Golang For Microservices and its applications
8. Angular Js and JDBC integration with demo application.
9. Jenkins tool for Continuous code Integration
10. preparation for HR interview rounds
11. Importance of System Design Skills

3. Participant's Profile

428 students from all branches of FR. CRCE ranging from first year to fourth year participated and benefited from the program.

4 : Day wise flow of the Program

Welcome Address:

Day 1 began with a welcome address by prof. Mahendra Mehra , assistant professor, computer engineering department. He welcomed all the Student participants and resource person of the first session, Mr. Swapnil Khetan followed by his talk.

Course details:

Day 1 – 24/5/2020

Session 1: How an Interviewer assess a potential candidate

First session conducted on 24/5/2020 by Mr. Swapnil Khetan, Michel Page, Manager – Procurement and Supply Chain. He explained that mindset training is also important along with technical and soft skill training to improve employability. He shared his views on the importance of certification to grow a skill set which will help in securing a job after COVID situation. Students had many queries regarding interviews and technical skills which were well addressed by Mr. Swapnil .

Session 2: Interview Preparation Checklist

Second session of the day was conducted by Mr. Edwin Clement, Software Engineer, BrowserStack. His talk was majorly focused on "what and how ". What students should do in each year of Engineering journey and how they should do it. He elaborated on tips and tricks to prepare for a technical interview. He mentioned how to improve programming skills, knowledge of which programming language is must and the timeline students should follow from First year to Final year. He motivated students to grab more internships and the sources to acquire the same. Further his talk was about how useful alumni guidance is , how valuable Hackathons are, his own Hackathon experience etc. He inspired students to

excel in competitive coding, mentioned the importance of Github profile and suggested students to get freelance jobs online.

Session 3: Coding Skills Enhancement

Third session of the day started at 2.00 pm. It was conducted by Mr. Karan Gohil, Cloud Solutions Engineer, Google. He started his presentation by mentioning what qualities an individual requires to be a good programmer. He covered a few questions which are asked in coding rounds. Keeping in mind the necessity of cloud computing knowledge he briefed students about cloud architect, concepts and terminologies related to this field. He even discussed his experience of progressing from a developer at TCS to cloud solution engineer at Google.

Day 2 – 25/5/2020

Session 1: Linux based Interview Questions

Second day of the program i.e. 25/5/2020, started with a session by Mr. Mahendra Mehara, PhD Scholar, Assistant Professor at Fr. CRCE, on topic Linux based interview questions at 9:30. He highlighted the importance of learning Linux OS, career prospects in Linux administration and how to prepare for Linux based interview questions.

Session 2: DevOps Tools - Jenkins

Second session of the day was conducted by Ms. Jenifer Reuben, DevOps Engineer, BNP Paribas on the topic DevOps tools - Jenkins at 12 pm. She introduced the need of Devops practice in software development and demonstrated a small application using the build pipeline in Jenkins.

Session 3: Database Interview Questions

Third session of the day began at 2.00 pm and was conducted by Mr. Leon D'souza, Software Developer, MSCI Inc. on how to prepare Database interview questions. He discussed interview questions based on SQL, how to approach in solving those questions, and the difference between SQL and NoSQL. The session covered wide questions asked by an interviewer in the DBMS domain.

Day 3 – 26/5/2020

Session 1: Object Oriented Programming Concepts

The third day of the program began at 9:30am with a session by Mr. Aakash Palghadmal, Analytical Development Analyst, MSCI Inc. His talk was a smooth ride for participants to gain insights of object oriented programming language features. He began with a difference between procedure oriented and Object oriented Programming language followed by detailed explanation of each feature of oop language feature. He later demonstrated various interview questions which are asked in technical rounds of companies on these topics along with understanding of questions and answers. participants could clear many of their doubts through the question answer section at the end of his talk.

Session 2: HR Interview Questions

Second session of the day was conducted by Dr. Khushbu Trehan, Professor and Employability Skills Trainer. She started her discussion with commonly asked questions in HR rounds of placements. Around 10-12 questions were discussed along with tips on do's and don't while answering them. She had an impactful session demonstrating equal importance of HR interview along with technical interview. She even groomed students about dress code and soft skills to be used during the process.

Day 4 – 27/5/2020

Session 1: Angular, JDBC Integration

On the fourth day, Mr. Gaurav Shinde, Software Engineer, JPMorgan Chase & Co. delivered session on Angular, JDBC Integration. He covered basic JDBC architecture, angular JS, spring framework, spring JDBC. He guided students about frameworks to be used at beginner level for front end and back end.

Session 2: Golang for Microservices

Second session conducted by Mr. Melwyn Saldanha, Software Engineer , People Interactive. Melwyn gave an overview of the syntax and semantics of Go Language and its comparison with the other high level programming languages like python, java. Finally he emphasized the use of golang in the world of Microservices and shared some learning material with respect to the same.

Day 5 – 28/5/2020

Session 1: System Design

The final day of the program started with the session by Mr. Gaurav Sen, Software Engineer and Youtuber. His talk was based on system design. He explained to the participants how algorithms and system design can be a powerful combination by taking a case study of online teaching platform " goto meeting". He even motivated students to give emphasis on learning your basics strongly to develop any big problem statement with an ease.

Session 2:Competitive Coding(Hands-On)

Second and last session of the program was conducted by Mr. Ashley Lobo, programmer, Hackathon winner, Final year student of Fr. CRCE. He introduced students about competitive coding platforms which can be used to practice and improve coding skills. He discussed coding problems along with concepts like basics of coding, problem analysis, Ad-Hoc problems and complete search, Greedy and Dynamic programming design strategy. Main focus of his talk was to make students aware so that more and more students use competitive coding platforms to improve their coding ability.

Closing ceremony:

After the five days of technical discussions the program came to an end by vote of thanks by Mrs. Ashwini Pansare. She thanked the college management for their encouragement and support for organizing the SDP program. She also thanked all the resource persons who contributed their time and expertise in making the program successful.

The program received an overwhelming response by 428 participants . All participants were requested to submit their valuable feedback. Quiz was organised for all the participants on the final day of the program . Participants who successfully completed the quiz were awarded with an E-certificate. were distributed to participants based on a quiz. Participants gave positive feedback about the program and showed their willingness to participate again in similar kinds of programs to be conducted in the near future by college.

The program concluded by giving a clear picture of interview processes to all the participants, confidence to face it and ability to crack it and made them ready for the challenges ahead.

Future Perspectives:

The Department of Computer Engineering and Placement Cell is looking forward to organizing future workshops for overall student development on topics such as how to improve communication skills and soft skills, guidance from alumni on the checklist of things needed for higher studies and company specific placement guidance.

5. List of Distinguished Speakers

Mr. Swapnil Khetan Michael Page, Manger – Procurement & Supply Chain	Mr. Edwin Clement Software Engineer, BrowserStack
Mr. Karan Gohil Cloud Solutions Engineer, Google	Mr. Mahendra Mehra PhD Scholar, Assistant Professor at Fr. CRCE, Certified Ethical Hacker, EC Council. Oracle Certified Cloud foundation Associate. Star Certified (CLOUD, DevOps, Ethical Hacking) Trainer
Ms. Jenifer Reuben DevOps Engineer, BNP Paribas	Mr. Leon D'souza Software Developer, MSCI Inc.
Mr. Aakash Palghadmal, Analytical Development Analyst, MSCI Inc.	Mr. Gaurav Shinde Software Engineer, JPMorgan Chase & Co.
Dr. Khushbu Trehan Professor and Employability Skills Trainer. Dale Carnegie Certified Trainer. British Council Certified IELTS Trainer	Mr. Melwyn Saldanha Software Engineer, People Interactive
Mr. Gaurav Sen Software Engineer and YouTuber	Mr. Ashley Lobo Programmer, Final Year Student, SIH 2019 Winner, ACM ICPC 2019 Regional Finalist

6. List of Participants

Detailed list of participants is attached with the report.

7. Feedback by the Participants

The following feedback was received from the participants:

- 1. 96% of the participants felt that the coverage of the topic was good.**

How will you rate the coverage of topics of 5 days

172 responses

- 2. 98% participants were of the opinion that the knowledge and presentation of all the speakers was very good.**

How will you rate the knowledge and presentation skill of all speakers

172 responses

How will u rate the conduct of whole program

172 responses

3. Participants felt that such SDP should be arranged regularly.

Will you be interested in attending any such similar programme in the future?

9. Photo Gallery

The screenshot displays a GoToWebinar session interface. At the top, a video feed shows a participant named Swapnil Khetan. Below the video, a 'Questions' window is open, displaying a list of questions and answers. The sidebar on the right contains various controls, including a search bar with 'edwin' entered, a list of attendees (263), and a 'GoToWebinar' logo. The background features a large, stylized 'MS' logo.

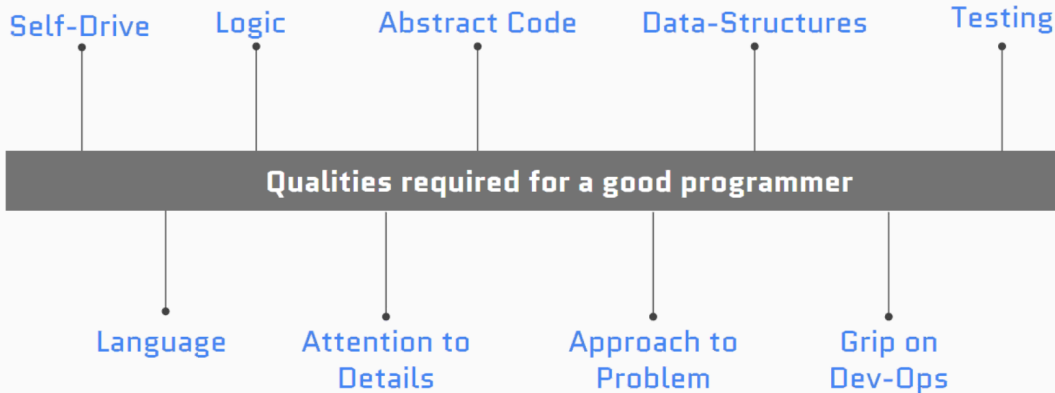

Question	Asker	Rec'd	Answerer	Answer
social media accounts, any do's and...	Mayank Tanna	11:30		
Does being in a technical team have an impact on the interview?	Ashtajal Rodrigues	11:51		
How important are internships in an interview?	Joel Francis Paul	11:52		
What advantage can we get in jobs by doing a masters in the technical f...	Isha Agrawal	11:54		
Is MBA a good option to get a better job which is not in the technical field?	Nidhi	11:55		
Is it necessary to have experience before doing your master's?	Samantha Mascarenhas	11:56		

First Year

- Go back and refresh on C. No need to master it. But **understand the basics of coding**(Variables, Data types, Arrays, Looping, Conditionals, Functions)
- If you like challenges, go and check out <https://www.hackerrank.com/domains/cpp> for some nice intro to object oriented programming(C++). Java also works.
- **Interact with seniors** about their projects and extra curricular activities.
- **Enjoy College life**, best 4 years for a while. (*circa.* before coronavirus)

The screenshot shows the GoToWebinar interface. At the top, there are menu options: File, Options, View, Help. Below that, there are icons for Sharing, Webcam, Dashboard, and Attendees (252 of 1001 max). A dropdown menu is open, showing a list of attendees: Edwin Clement (Presenter), Mahendra Mehra (Organizer), SUNIL CHAUDHARI (Organizer, Me), Supriya Kamoi (Panelist), and Swapnil Khetan (Panelist). There are also icons for Polls (0/0), Questions, and a 'Show Answered Questions' checkbox. A question is visible: 'What would be of more weightage, Internship or good projects ?? I haven't done any internships yet'. The interface also shows 'Send Privately' and 'Send to All' options, a 'Chat' window, and 'Audio' controls. At the bottom, it says 'Fr.C.R.C.E. Computer Engineering Departmen...' and 'Webinar ID: 680-644-267'. A red dot indicates 'This session is being recorded.' and the GoToWebinar logo is at the bottom.

What does it take to be good programmer

GoToWebinar

The screenshot displays a GoToWebinar interface. On the left, a presentation slide titled "Encapsulation:" is shown. The slide content includes:

- Encapsulation:**
- This is called **Tight Cohesion**
- Related data and methods that manipulate that data or use that data for computation should be placed together i.e. they should be closely bound.
- Code snippet:

```
class Student {  
    int id;  
    String name;  
    Double pointer  
    String year;  
    //whatever methods required  
}
```
- A callout box: **PEEP: Place for Everything, Everything in its place**
- Copyrights: Akash Palghadmal (Use for education Purpose Only)

On the right, a code editor window shows a constructor definition with a green callout box:

```
ed constructor  
:X(){  
    print x;  
}  
= new A(10);
```

The callout box contains the text: **No return types for constructor**

The GoToWebinar interface on the right includes a menu (File, Options, View, Help), a list of attendees (178), a search bar, and a chat area. The chat area contains a welcome message: "Welcome to One week Faculty Development Program (FDP) on 'Current Trends and Future Technologies in Computing'". The bottom of the screen shows the Windows taskbar with the time 10:32 and date 26-05-2020.

**FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING,
BANDRA(W) DEPARTMENT OF COMPUTER ENGINEERING
STUDENT DEVELOPMENT
PROGRAMME 2020 DAY WISE
SCHEDULE**

(Click on the link in last column to watch video)

Day	Time (IST)	Speaker	Topics
Day 1 (24/5/2020) Sunday	11:00 am - 12:00pm	Mr. Swapnil Khetan Michael Page, Manger – Procurement & Supply Chain	How an interviewer assess a potential candidate
	12:00 pm - 1:00 pm	Mr. Edwin Clement Software Engineer, BrowserStack	Interview Preparation Checklist
	2:00 pm - 3:00 pm	Mr. Karan Gohil Cloud Solutions Engineer, Google	Coding Skills Enhancement
Day 2 (25/5/2020) Monday	10:00 am - 11:00am	Mr. Mahendra Mehra PhD Scholar, Assistant Professor at Fr. CRCE, Certified Ethical Hacker, EC Council. Oracle Certified Cloud foundation Associate. Star Certified (CLOUD, DevOps, Ethical Hacking) Trainer	Linux based Interview Questions
	12:00 pm - 1:00 pm	Ms. Jenifer Reuben DevOps Engineer, BNP Paribas	DevOps Tools -Jenkins
	2:00 pm-3:00 pm	Mr. Leon D'souza Software Developer, MSCI Inc.	Database Interview Questions
Day 3 (26/5/2020) Tuesday	9:30 am -11:00 am	Mr. Aakash Palghadmal, Analytical Development Analyst, MSCI Inc.	OOPS Concept Part 1 OOPS Concepts part 2
	12:00 pm – 1:00pm	Dr. Khushbu Trehan Professor and Employability Skills Trainer. Dale Carnegie Certified Trainer. British Council Certified IELTS Trainer	HR Interview Questions

Day 4 (27/5/2020) Wednesday	10:00 am -11:00am	Mr. Gaurav Shinde Software Engineer, JPMorgan Chase & Co.	Angular , JDBC Integration
	12:00 am – 1:00pm	Mr. Melwyn Saldanha Software Engineer, People Interactive	Golang for Microservices
Day 5 (28/5/2020) Thursday	10:00 am - 11:00pm	Mr. Gaurav Sen Software Engineer and YouTuber	System Design-Case Study GoToWebinar
	12:00 am – 1.00pm	Mr. Ashley Lobo Programmer, Final Year Student, SIH 2019 Winner, ACM ICPC 2019 Regional Finalist	Competitive Coding (Hands-on)

About College

Fr. Conceicao Rodrigues College of Engineering (CRCE) was established in 1984 as part of Fr. Agnel Technical Complex at Bandra, Mumbai by the Society of St. Xavier Pilar and is named after its founder the late Rev. Fr. Conceicao Rodrigues. The College is affiliated to the University of Mumbai. The college offers Bachelor Degree courses in Production Engineering, Electronics & Computer Science, Computer Engineering, Mechanical Engineering and Information Technology. The College also offers fulltime Master's Degree courses in Mechanical Engineering (CAD-CAM with Robotics) and Doctoral Programmes in Electronics Engineering and Mechanical Engineering. The College is located at Bandstand, Bandra, Mumbai in a picturesque environment surrounded by the Arabian Sea. Institute have been accredited by National Board of Accreditation (NBA-India) and National Assessment and Accreditation Council (NAAC). The Institute has been consistently ranked highly in major surveys like the NIRF, TOI, INDIA TODAY to name a few.

About Department

Department of Computer Engineering was established in 1991. The department offers B.E. in Computer Engineering, a four-year degree program with an intake of 120 students. It has excellent infrastructure and highly qualified and professionally skilled faculty. The department conducts various training programs to help faculty and students to improve their technical knowledge. The Department has received a Research Grant from the Department of Science and Technology (DST), and Mumbai University for Innovative Projects and Minor Research Grant. It has signed MoU with several companies like Tata Consultancy Services, IBM and D-Link. Graduates of our department have been recruited by major IT companies such as TCS, Accenture, Morgan Stanley, JP Morgan Chase, ZS, Seclure, SAP, Amdocs to name a few. Department has made conscious efforts to develop the department as a center of excellence.

About FDP

The Department of Computer Engineering of Fr. Conceicao Rodrigues College of Engineering, Mumbai is proud to organize a national level five days Faculty Development Program (Online) on "Disruptive Technologies of INDUSTRY 4.0".

Around the world traditional manufacturing industry is in the throes of a digital transformation that is accelerated by exponentially growing technologies. In essence, Industry 4.0 concerns the transformation of industrial processes through the integration of modern technologies such as sensors, communication, and computational processing. Technologies such as Cyber Physical Systems (CPS), Internet of Things (IoT), Cloud Computing, Machine Learning, Blockchain and Data Analytics are considered to be the different drivers necessary for the transformation.

This FDP is designed to offer learners an introduction to technological advances in Industry 4.0, its applications in the business world straight from the horse's mouth. Learners will gain deep insights into how smartness is being harnessed from data and appreciate what needs to be done in order to overcome some of the challenges. Participants will understand the opportunities, challenges brought about by Industry 4.0 and how organizations and individuals should prepare to reap the benefits.

FDP OUTLINE

- ✓ **Cloud Computing:** A critical enabler boosting the next Industrial Revolution.
- ✓ **Blockchain:** A valuable technology for next-generation manufacturing use cases.
- ✓ **Data Science and Bigdata:** key to improve product quality, efficiency and cutting operating costs in Industry 4.0.
- ✓ **IIoT-** Evolve manufacturing, creating the smart factory & enable holistic value chain analytics & downtime reduction.
- ✓ **Cybersecurity-**Protecting Connected Industrial Devices to Ensure security in Industry 4.0
- ✓ **Robotics, Drone technology and Automation** - A physical and cognitive partner to build digital factory.
- ✓ **Additive Manufacturing** - Vital components for rapid prototyping and highly decentralized production processes in Industry 4.0
- ✓ **Recognizing People Skills** - Soft skills will set talent apart from machines in industry 4.0

ELIGIBILITY

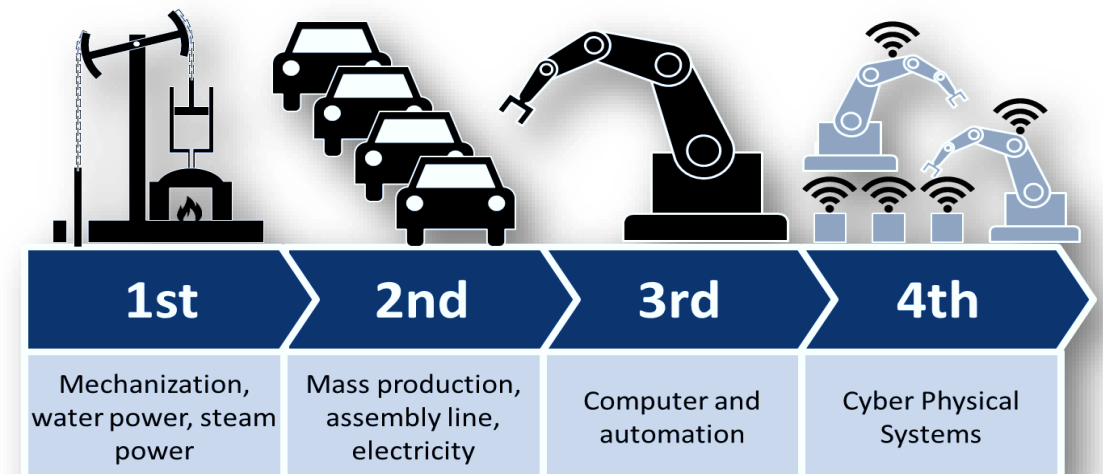

Faculty members of any government/private Institutions with relevant background are eligible for this course. Industry personnel/PhD Scholars/Researchers are also eligible. The seats are limited, and the selection will be made on 'First come first serve' basis. Registrations will close once we reach our quota of allowable participants.

GUIDELINES

NO COURSE FEE is charged to the participants.

Last day to register is **28th May 2020**.

Participants can attend the FDP through any medium (Laptops/Desktops/Mobile)

PROGRAM COMMITTEE

PATRONS

Rev. Fr. Peter Dsouza, Local Superior
Rev. Fr. Valerian Dsouza, Director
Dr. Srija Unnikrishnan, Principal

CONVENER

Dr. B.S. Daga, HOD (Computers)

Coordinator's:

Mr. Mahendra Mehra - 8149327826
Mrs. Supriya Kamoji - 9920487455
Mrs. Dipali Koshti - 9819151054

Co-coordinator's:

Mrs. Monali Shetty
Mrs. Ashwini Pansare
Mr. Sunil Chaudhari

INVITED SPEAKERS

compscrce@gmail.com

Mr. Vaibhav Kohli
Sr. Software Engineer
VMware, USA

Mr. Dheeraj Anchan
Principal Research
Scientist, ISRO

Mr. Swapnil Khetan
Manager –
Procurement & Supply Chain
Practice at Michael Page

Dr. Kalpesh Parikh
Keynote Speaker
MD & CEO
Intellisense ITsys
Pvt. Ltd, Gujarat

Mr. Mustafa Fatakawala
Data Scientist
TCS, Mumbai

Mr. Apurva Godbole
Co-Founder and
CEO of Drona
Aviation, Pune

Mr. Dhaval Sonawane
Cognitive Software
Engineer, IBM,
WASTON, USA

Dr. Ram Mangrulkar
Associate Professor at
D.J. Sanghvi College
of Engineering,
Mumbai

Prof. Mahendra Mehra
Ph.D Scholar,
Assistant Professor
Certified Ethical Hacker
CRCE, Mumbai

Mr. Pranit Raje
AWS Cloud Support
Engineer at AWS
Solutions, Mumbai,

Ms. Anisha Gharat
Platform Engineer at
Quantifi, Mumbai

Prof. Ketaki Joshi
Ph.D. Scholar,
Assistant Professor
at CRCE, Mumbai.

Prof. Yogesh Pingle
Assistant Professor at
Vidya Vardhini College
of Engineering, Mumbai

Mr. Bharat Kumavat
Technical chief and
founder of Triaro & co.,
Mumbai

**FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING, BANDRA(W)
DEPARTMENT OF COMPUTER ENGINEERING
FACULTY DEVELOPMENT PROGRAMME 2020
DAY WISE SCHEDULE**

Day	Time (IST)	Speaker	Topic
Day 1 (30/5/2020) Saturday	10:30 am - 11:30 am	Dr. Kalpesh Parikh MD & CEO Intellisense ITsys Pvt. Ltd, Gujarat	Keynote Speech
	12:00 pm - 1:00pm	Mr. Dheeraj Anchan Principal Research Scientist, ISRO	Block Chain Technology for Industry 4.0
Day 2 (31/5/2020) Sunday	10:00 am - 11:00 am	Mr. Vaibhav Kohli Sr. Software Engineer, VMWARE, USA	Cloud Technology for Industry 4.0
	11:30 am - 12:30 pm	Mr. Pranit Rajee AWS Cloud support Engineer, AWS Solutions, Mumbai	Amazon Web Services for Industry 4.0
	2:00 pm - 3:00 pm	Ms. Anisha Gharat Platform Engineer, Quantifi, Mumbai	Google Cloud Platform: Architecture, Case Study and Demonstration
Day 3 (01/6/2020) Monday	10:00 am -11:00 am	Prof. Yogesh Pingle Assistant Professor at Vidya Vardhini College of Engg, Mumbai	Use of IoT for Industry 4.0
	11:30 am – 12:30 pm	Mr. Apurva Godbole Co-Founder and CEO, Drona Aviation, Pune	Role of drones in industry post COVID19
	2:00 pm-3:00 pm	Mr. Mahendra Mehra PhD Scholar, Assistant Professor at Fr. CRCE, Certified Ethical Hacker, EC Council. Oracle Certified Cloud foundation Associate. Star Certified (CLOUD, DevOps, Ethical Hacking) Trainer	The path to Industry 4.0 through Cyber Security
Day 4 (02/6/2020) Tuesday	10:30 am -12:00 pm	Mr. Mustafa Fatakdawala Data Scientist, TCS, Mumbai	AI in Business 4.0 era
	12:30 pm – 1:30 pm	Dr. Ramchandra Magrulkar Associate Professor, D.J. Sanghavi College.Engg, Mumbai	Data Handling and Visualization using Python
	2:00pm-3:00pm	Mr. Dhaval Sonawane Cognitive Software Engineer, IBM, USA	Data science and Industry 4.0
Day 5 (03/6/2020) Wednesday	10:00 am - 12:00 am	Ms. Ketaki Joshi PhD Scholar, Assistant Professor at Fr. CRCE Mr. Bharat Kumavat Technical Chief and Founder. Triaro & co., Mumbai	Additive Manufacturing - Technology enabler for Industry 4.0
	02:00 pm – 3.00 pm	Mr. Swapnil Khetan Manager -Procurement & Supply Chain Practice at Michael Page, Mumbai.	Recognizing People Skills in the age of automation

**** The schedule/session may be extended or modified based on the requirement of the session and time zone.**

Fr. Conceicao Rodrigues College of Engineering

DEPARTMENT OF COMPUTER ENGINEERING

REPORT ON FACULTY DEVELOPMENT PROGRAMME ON DISRUPTIVE TECHNOLOGIES OF INDUSTRY 4.0

Report by: Prof. Mahendra Mehra, Assistant Professor, Computer Engineering Dept

The Department of Computer Engineering of Fr. Conceicao Rodrigues College of Engineering, Mumbai organized a free for all National level five days Faculty Development Program (Online) on "Disruptive Technologies of INDUSTRY 4.0" from 30th May to 3rd June 2020. This programme was a combination of Expert's Speeches & Practical Demonstrations by eminent personalities from Industry and Academia. This FDP was aimed for teachers who are teaching various disciplines of science and engineering subjects in colleges or Universities and was also open for research scholars and Industry Personnel's. The FDP received an overwhelming response with 630 number of participants registered for this programme from different Universities and Colleges across India and also witnessed International participation. Owing to the COVID19 situation the entire FDP was managed and hosted on an online platform via video conferencing.

FDP THEME AND OUTLINE

Around the world traditional manufacturing industry is in the throes of a digital transformation that is accelerated by exponentially growing technologies. In essence, Industry 4.0 concerns the transformation of industrial processes through the integration of modern technologies such as sensors, communication, and computational processing. Technologies such as Cyber Physical Systems (CPS), Internet of Things (IoT), Cloud Computing, Machine Learning, Blockchain and Data Analytics are considered to be the different drivers necessary for the transformation.

This FDP was aimed to offer learners an introduction to technological advances in Industry 4.0, its applications in the business world straight from the horse's mouth. Learners gained deep insights into how smartness is being harnessed from data and appreciate what needs to be done in order to overcome some of the challenges. Participants understood the opportunities, challenges brought about by Industry 4.0 and how organizations and individuals can prepare to reap the benefits.

OUTLINE:

- ✓ **Cloud Computing:** A critical enabler boosting the next Industrial Revolution.
- ✓ **Blockchain:** A valuable technology for next-generation manufacturing use cases.
- ✓ **Data Science and Bigdata:** key to improve product quality, efficiency and cutting operating costs in Industry 4.0.
- ✓ **IIoT-** Evolve manufacturing, creating the smart factory & enable holistic value chain analytics & downtime reduction.
- ✓ **Cybersecurity-**Protecting Connected Industrial Devices to Ensure security in Industry 4.0
- ✓ **Robotics, Drone technology and Automation** - A physical and cognitive partner to build digital factory.
- ✓ **Additive Manufacturing** - Vital components for rapid prototyping and highly decentralized production processes in Industry 4.0
- ✓ **Recognizing People Skills** - Soft skills will set talent apart from machines in industry 4.0

Planning:

Planning for the Faculty Development Programme began at the start of May 2020. An external call for sponsor was sent out to corporate partners for their association in any form possible. FDP title was confirmed after brainstorming over multiple topics and with due permission of HOD and Principal madam. Meticulous planning was done to design Brochure and trailer videos along with registration form which were circulated over social media and messaging platforms. Invitations were sent out to different Industry personnel's using personal contacts and Alma connect to join as resource person for the FDP. Telegram and WhatsApp groups were created to communicate with the registered participants. Online quiz was conducted to validate the learning from the five days FDP. Attendance was analyzed from the online platform and a list was prepared of eligible candidates, certificates were distributed to them via Email.

Technology Sponsors:

Star Certification was our technology sponsors who provided us GotoWebinar, a video conferencing Platform to host all our Five days sessions and helped us connect with our participants.

Event Publicity:

Social Media platforms like Twitter, Facebook and Instagram were used to advertise about the Faculty Development Programme. A MoU was signed with Star Certification, a vendor neutral certification body who agreed to provide us the GotoWebinar their video conferencing platform and also advertise our FDP to their customer base, as a result of effective publicity we received a whopping 630 plus registrations from academia and industry across India

Event Timeline:

Day 1 (30th May 2020):

The FDP started with a welcome speech by Prof. Mahendra Mehra, he welcomed the participants for the online programme and introduced them to Fr. CRCE and its history. Mr. Mehra thanked Rev. Fr. Peter Dsouza, Local Superior and Rev. Fr. Valerian Dsouza, Director for their blessings and Principal Madam, Dr. Mrs. Srijia Unnikrishnan and HOD, Dr. B. S. Daga for their best wishes and continuous support. He went on to introduce the keynote speaker for the FDP, **Dr. Kalpesh Parikh, MD & CEO Intellisense ITsys Pvt. Ltd, Gujarat**. Dr. Kalpesh Parikh later addressed the audience on the Disruptive Technologies of Industry 4.0 and shared many ideas and spoke on his work experiences in the Industry.

Our next speaker for the day, **Mr. Dheeraj Anchan, Principal Research Scientist, ISRO**, talked about how blockchain technology can be used in today's age for achieving transparency, Security and better control of data in Industry 4.0.

Day 2 (31st May 2020):

Day Two events were focused on Cloud computing and its usage in Industry 4.0. moderated by Prof. Dipali Koshti.

Mr. Vaibhav Kohli, Sr. Software Engineer, at VMWARE, USA introduced the audiences to the concept of cloud computing and fog computing and how these cutting-edge technologies are being used in various industries to gain better technological and business advantages over their competitors.

Mr. Pranit Raje, AWS Cloud support, AWS Solutions, Mumbai showed practical demonstrations of how AWS cloud is being used by industry 4.0 to connect their operational technologies with information technology.

Ms. Anisha Gharat, Platform Engineer, Quantifi, Mumbai demonstrated how Google Cloud Platform can be leveraged as solutions to Industry 4.0 problems and also discussed few case studies.

Day 3: (1st June 2020)

Day Three events were dedicated to Industrial IOT, Drone Technologies and Cyber Security moderated by Prof. Supriya Kamoji

Prof. Yogesh Pingle, Assistant Professor at Vidya Vardhini College of Engg, Mumbai briefed the participants on various IOT case studies and use cases currently being used to improvise technical controls in various domains.

Mr. Apurva Godbole, Co-Founder and CEO, Drona Aviation, Mumbai explained us the roles of Drone technologies and their possible use case in the Industry where human intervention is difficult. He also discussed various points on how drones can be used post COVID19.

Mr. Mahendra Mehra, PhD Scholar, Assistant Professor at Fr. CRCE, were the last speaker for the day. Mr Mehra gave an insightful session on how important Security is in Industry 4.0 and discussed various vulnerabilities and loose ends. He also demonstrated how one can hack in to others machine if appropriate security measures are not taken.

Day 4: (2nd June 2020)

Day Four events focused on Data science and how Artificial Intelligence is being used to take automated decisions moderated by Prof. Dipali Koshti

Mr. Mustafa Fatakdawala, Data Scientist from TCS discussed role of AI and its challenges in various industry sectors such as call centers, banking sector and health sector.

Dr. Ramchandra Mangrulkar, Associate Professor in D.J. Sanghvi College of Engineering discussed Data handling and visualization using python. He demonstrated the analysis of covid 19 Pandemic using visualization tools.

Mr. Dhaval Sonawane, Sr. Software Engineer IBM, Waston, USA was the last speaker of the day and he shared some common use cases such as Demand forecasting and inventory management, Price optimization, Warranty analysis and tracking of covid-19 spread with big data.

Day 5: (3rd June 2020)

Day five Events were on Additive Manufacturing and People skills moderated by Prof. Supriya Kamoji

Ms. Ketaki Joshi, PhD Scholar, Assistant Professor at Fr. CRCE discussed different additive manufacturing techniques, recent advances and applications of additive manufacturing from industry 4.0 perspective. Discussion on Limitations, research and future developments of additive manufacturing made the session very engaging.

Mr. Bharat Kumavat, Technical Chief and Founder .Triaro & co., Mumbai added to the previous session by demonstrating how 3D printers are used Manufacturing industry to build complex designs used in Jewellery design and prosthetics. He also demonstrated how rapid prototyping is done.

Mr. Swapnil Khetan, Procurement & Supply Chain Practice at Michael Page, Mumbai. In his talk addressed how people skills in the age of cutting edge technologies will stand them apart and make them employable.

Valedictory:

Program was concluded by Prof. Mahendra Mehra with a vote of thanks and briefing the participants about the online exam which was conducted on 6th June 2020.

Feedback

Feedback was collected from the participants after the program concluded using Google form. The response received was amazing. Participants average rating for the FDP was 8.922 out of 10. Most of them praised the structure and contents of the programme and the way things were coordinated and communicated. Many of them gave their positive comments on the knowledge of the speakers.

Event Coordinators:

Prof. Mahendra Mehra (Assistant Prof, Computer Engg Dept).

Prof. Dipali Koshti (Assistant Prof, Computer Engg Dept).

Prof. Supriya Kamoji (Assistant Prof, Computer Engg Dept).

Image Gallery

Prof. Mahendra Mehra giving inaugural speech and introducing Keynote Speaker, Dr. Kalpesh Parikh, MD & CEO Intellisense ITsys Pvt. Ltd, Gujarat.

FUNDAMENTALS OF BLOCKCHAIN

01 A Blockchain is a chain of blocks that contain information. This technique was originally described in 1991.

02 It was originally intended to timestamp digital documents so that it's not possible to backdate/tamper them.

03 However it went by mostly unused until it was adapted by Satoshi Nakamoto in 2009 to create Bitcoin.

04 Blockchain is a distributed ledger that is open to anyone & data once recorded cannot be changed.

Mr. Dheeraj Anchan, Principal Research Scientist, ISRO, session on Blockchain for Industry 4.0

Industry 4.0 Customer-driven Use-cases

- Data center extension:** Maintain, Expand. Footprint expansion/ On-demand capacity, Virtual Desktops & Published Apps, Test/Dev.
- Disaster recovery:** Primary, Secondary. New DR, Replace existing DR, Complement existing DR.
- Cloud migrations:** Consolidate, Migrate. Application specific, Data center wide, Infrastructure refresh.
- Next-generation apps:** Application modernization, New application build-out, Hybrid applications.

Mr. Vaibhav Kohli, Sr. Software Engineer, at VMWARE, USA, Session on Cloud Computing for Industry 4.0

About College

Fr. Conceicao Rodrigues College of Engineering (CRCE) was established in 1984 as part of Fr. Agnel Technical Complex at Bandra, Mumbai by the Society of St. Xavier Pilar and is named after its founder the late Rev. Fr. Conceicao Rodrigues. The College is affiliated to the University of Mumbai. The college offers Bachelor Degree courses in Production Engineering, Electronics & Computer Science, Computer Engineering, Mechanical Engineering and Information Technology. The College also offers fulltime Master's Degree courses in Mechanical Engineering (CAD-CAM with Robotics) and Doctoral Programmes in Electronics Engineering and Mechanical Engineering. The College is located at Bandstand, Bandra, Mumbai in a picturesque environment surrounded by the Arabian Sea. Institute have been accredited by National Board of Accreditation (NBA-India) and National Assessment and Accreditation Council (NAAC). The Institute has been consistently ranked highly in major surveys like the

About Department's

Department of Computer Engineering was established in 1991. The department offers B.E. in Computer Engineering, a four-year degree program with an intake of 120 students. Department of Electronics and computer science was established in 1987 with B.E. in Electronics Engineering. From the academic year 2019-20, the course is renamed to Electronics and Computer Science to cope up with 4th Industrial revolution it has an intake capacity of 60 students. Department of Information Technology started in the year 2001 with an intake of 30 students for the undergraduate program. The intake was increased to 60 seats in the year 2010-11, in 2021 the course has been changed to Artificial Intelligence and Data Science. All the departments have excellent infrastructure and highly qualified and professionally skilled faculty. The departments conduct various training programs to help faculty and students to improve their technical knowledge. The Departments have received several Research Grant from the Department of Science and Technology (DST), and Mumbai University for Innovative Projects and Minor Research Grant.

About FDP

Linux acts as a significant strength in the computing industry. Whether you are accessing a bank website, Netflix, or your home router, the chances are that your computer is interacting with a Linux system. Most of the webserver, mobile phones, personal computers, supercomputers, and cloud-servers are powered by Linux. *Linux* is an open-source operating system that provides features like high security, reliability, and stability, dominating the server market. The cutting-edge technologies like Cloud Services, IoT, and DevOps tools require a good hold on Linux system administration. This FDP aims to train Faculty from different streams on skills required to manage and administer Linux machine and provide practical hands-on skills. Linux system administration is one of the most in-demand skills in the IT industry. This FDP will help participants to understand the fundamentals of Linux, Linux commands, manipulation of files, and automating tasks using shell scripts. Participants will also learn how to perform administrative tasks and configure server packages on the Linux Operating system. This Linux course does not make any assumptions about your background or knowledge of Linux. Participants need no prior knowledge to benefit from this course. Participants will be guided step by step using a logical and systematic approach.

FDP Objectives

- ✓ To help faculty gain Linux systems administration skills and have a deep understanding of Linux fundamentals and concepts. More importantly, they will be able to put those concepts to use in practical, real-world situations.
- ✓ To prepare faculty to automate daily tasks by writing Shell Scripts.
- ✓ To help the faculty attain essential knowledge of Linux System which will increase their productivity and help prepare for subjects like Cloud Computing, IoT, DevOps, Ethical Hacking, Digital Forensics and many more.

FDP Outline

- Linux System Architecture
- Linux Filesystems, Filesystem Hierarchy Standard
- Linux System Administration Commands
- Essential System Services
- Networking Fundamentals
- Linux Package Management
- Shells, Scripting and Data Management
- Linux Server Administration: Configuring LAMP stack

ELIGIBILITY

Faculty members of any government/private Institutions with relevant background are eligible for this course. Industry personnel/PhD Scholars are also eligible. The seats are limited, and the selection will be made on 'First come first serve' basis. Registrations will close once we reach our quota of allowable participants.

GUIDELINES

NO COURSE FEE is charged to the participants.

The Faculty Development Programme will be conducted **online**.

Confirmation of registration will be informed via email communication.

Certificate of Completion will be issued to participants who attend a minimum of 75% of FDP and complete all assignments also score 60% and above in the MCQ-based test.

Fr.CRCE, in association with **SYBGEN** is also providing an opportunity to participants to get certified by SYBGEN for their course [Linux Administration Bootcamp](#) at a very minimal cost. This offer is optional for participants. Details will be shared during the FDP.

Last day to register is 14th April 2021.

Subject: Regarding approval of budget for FDP on “Essentials of Linux System Administration “on 16-17 April 2021

Respected Madam,

We, Department of Information Technology, Computer Engineering and Electronics and Computer science are organizing 2 Days FDP on the above mentioned topic. We hereby request you to kindly approve FDP budget and do the needful.

Thanking you.

Please find attached copy of budget.

Yours Sincerely,

Dipali Koshti

Mahendra Mehra (Coordinator- Computer Dept)

Prajakta Bhangale

Prachi Patil (Coordinator- IT Dept)

Jagruti Nagaonkar

Swapnali Makdey (Coordinator- ECS Dept)

Budget for FDP on “Essentials Of Linux System Administration “

Jointly Organized by Department of Computer Engineering, Department of Information Technology
and Department of Electronics and Computer science

FDP Date: 16-17 April 2021

Expected Participants: 100

Fees for Faculties: NIL

Expected Expenditure:

Expected Expenditure	Details	Total(in Rs)
Speaker fees	Mr. Paresh Chalke	3,000
	Dr.Gautam Borkar	6,000
Total		9,000

16th-17th April 2021

List of Selected Participants

Participant_ID	Full Name	Designation	College Name	State
FDP01	SHRUTHI K C	Assistant Professor	HKBKCE	Karnataka
FDP02	Torana Nitin Kamble	Assistant Professor	Bharati Vidyapeeth college of engineering Navi Mumbai	Maharashtra
FDP03	Prof Mangesh Balasaheb Lahane	Assistant Professor	Modern College of ASC, Ganeshkhind, Pune-16	Maharashtra
FDP04	Sanjay Shahaji Kadam	Assistant Professor	Bharati vidyapeeth college of engineering Navi Mumbai	Maharashtra
FDP05	Manjusha Shelke	Assistant Professor	K.c.college of Engineering and Management studies and Research	Maharashtra
FDP06	K.siva kumar	Assistant Professor	Vignan's nirula institute of technology and science for women	Andhra Pradesh
FDP07	Amuthavalli yadav	Assistant Professor	KC College of Engineering, Management Studies and Research	Maharashtra
FDP08	Sachin Balvir	Assistant Professor	Datta Meghe Institute of Engineering, Technology and Research, Wardha	Maharashtra
FDP09	MANOJ GOPICHAND LADE	Assistant Professor	NAGPUR INSTITUTE OF TECHNOLOGY, NAGPUR	MAHARASHTRA
FDP10	Supriya Kamoji	Assistant Professor	Fr. CRCE	Maharashtra
FDP11	Safa Salman Hamdare	Assistant Professor	St. Francis Institute of Technology	Maharashtra
FDP12	Anil S Naik	Assistant Professor	Walchand Institute of Technology, Solapur	Maharashtra
FDP13	Amit Prakashrao Patil	Assistant Professor	RCPETs IMRD, Shirpur	Maharashtra
FDP14	Mrs. Sujata Oak	Assistant Professor	Ramrao Adik Institute of Technology	Maharashtra
FDP15	S SOWNDESWARI	Assistant Professor	Sambhram Institute of Technology	Karnataka
FDP16	Nilam Thakkar	Assistant Professor	Sal College of Engineering	Gujarat
FDP17	Dr. Nilesh Madhukar Patil	Assistant Professor	Fr. Conceicao Rodrigues College of Engineering	Maharashtra
FDP18	Shital B. Mandhane	Assistant Professor	Dr. D. Y. Patil School of engineering and technology.	Maharashtra
FDP19	Jyotsna More	Assistant Professor	Xavier Institute of Engineering	Maharashtra
FDP20	Ms.SALUNKE VAISHALI TANAJI	Assistant Professor	M.S.G.ARTS, SCIENCE AND COMMERCE COLLEGE MALEGAON CAMP, MALEGAON	Maharashtra
FDP21	Swapnil Brijalal Kadam	Assistant Professor	SSPM's College Of Engineering	Maharashtra
FDP22	Manasi Choche	Assistant Professor	K. C. College of Engineering and Management Studies and Research	Maharashtra
FDP23	Viraj Raghunath Sonawane	Assistant Professor	MVPS's KBTCOE Nashik	Maharashtra
FDP24	Kirti Rupesh Parthe	Assistant Professor	KC College of Engineering and Management Studies and Research	Maharashtra
FDP25	Snehal Parag Shintre	Assistant Professor	Pune Institute of Computer Technology	Maharashtra

FDP26	Dr Milind Rajaram	Assistant Professor	Gulbarga University	Karnataka
FDP27	Amit Vasant Pandhare	Assistant Professor	SIES Graduate School of Technology	Maharashtra
FDP28	Vijay Jumb	Assistant Professor	Xavier Institute of Engineering	Maharashtra
FDP29	Rakheeba Taseen	Assistant Professor	Don Bosco Institute of technology	Karnataka
FDP30	Mrs. Rashmi Maheshwari	Assistant Professor	Shree L. R. Tiwari college of engineering	Maharashtra
FDP31	Sarika Jagtap	Assistant Professor	MVPS'S KBTCE NASHIK	Maharashtra
FDP32	Mrs.Madhuri N. Gedam	Assistant Professor	SLRTCE	Maharashtra
FDP33	Prof. Shilpa M. Satre	Assistant Professor	Bharati vidyapeeth college of engineering Navi Mumbai	Maharashtra
FDP34	Yaminee Patil	Assistant Professor	A P Shah Institute of Technology	Maharashtra
FDP35	Sudhir Bagul	Assistant Professor	D J Sanghvi college of Engineering	Maharashtra
FDP36	Aniket Anil Kore	Assistant Professor	Dwarkadas J Sanghvi College of Engineering	Maharashtra
FDP37	Shivashankar Jalamsing Bhutekar	Assistant Professor	Mahatma gandhi mission college of engineering and technology kamothe	Maharashtra
FDP38	ANITA DAYANAND MHATRE	Assistant Professor	DATTA MEGHE COLLEGE OF ENGINEERING	Maharashtra
FDP39	Dr. Vaishali Amol Gaikwad	Assistant Professor	K. J. Somaiya Institute of Engineering & Information Technology	Maharashtra
FDP40	Mrinal Ashish Khadse	Assistant Professor	SIES Graduate School of Technology	Maharashtra
FDP41	Ms. Pranali Nunes Dsilva	Assistant Professor	Shankar Narayan College of Arts & Commerce	Maharashtra
FDP42	Priti Badhe	Assistant Professor	Thakur Institute of Management Studies, Career Development & Research	Maharashtra
FDP43	Chhaya Suhas Patil	Assistant Professor	RCPET'S INSTITUTE OF MANAGEMENT RESEARCH AND DEVELOPMENT	Maharashtra
FDP44	Shivappa M Metagar	Assistant Professor	Walchand Institute of technology,solapur	Maharashtra
FDP45	KALAIARASI K	Assistant Professor	Cauverycollege for women autonomous	Tamilnadu
FDP46	Shyamsundar Pralhad Magar	Assistant Professor	Terna Engineering College Nerul Navi Mumbai	Maharashtra
FDP47	Amogh Santosh Pai Raiturkar	Assistant Professor	Padre Conceicao College of Engineering	Goa
FDP48	Dr.D.Sathiyaseelan	Assistant Professor	JP College of Arts and Science, Tenkasi	TAMIL NADU
FDP49	Rippal Gupta	Assistant Professor	Bhavans College mumbai	Maharashtra
FDP50	Pruthviraj R. Pawar	Assistant Professor	Bharati Vidyapeeth College of Engineering, Navi Mumbai	Maharashtra
FDP51	Anna N Kurian	Assistant Professor	St. Joseph's College of Engineering and Technology Palai	Kerala
FDP52	Dr. G. Radha Devi	Assistant Professor	Malla Reddy College of Engineering	Telangana
FDP53	Dr.Makesar Mahendra Shriramji	Associate Professor	Nagpur Institute of Technology	Maharashtra
FDP54	Arvind P Meshram	Associate Professor	MVPS'S KBT COLLEGE OF ENGINEERING NASHIK	Maharashtra
FDP55	Jayesh Solanki	Associate Professor	L D Arts College	GUJARAT

FDP56	DR. HARSHIKA KUMARI	Associate Professor	Dr. Akhilesh Das Gupta Institute of Technology & Management, New Delhi	Delhi
FDP57	Mr. RAYALA RAVI KUMAR	Associate Professor	MAHAVEER INSTITUTE OF SCIENCE AND TECHNOLOGY, HYDERABAD	TELANGANA
FDP58	SANTOSH KUMAR PATRO	Govt. Professional	Organisation name: JRHMS, Govt. of Jharkhand	Jharkhand
FDP59	SIRISHA GANGA	LAB PROGRAMMER	Bvrithyderabad college of Engineering for women	TELAGANA
FDP60	P.Narsimha Ramulu	Lab Supervisor	BVRIT HYDERABAD College of Engineering for Women	Telangana
FDP61	P.L.Srinivas Rao	Lab technician	BVRITH COLLEGE OF ENGINEERING FOR WOMEN	Telangana
FDP62	SUHAS AITHAL V	Lecturer	VIDYA SANSKAAR INSTITUTE OF SCIENCE COMMERCE AND MANAGEMENT	KARNATAKA
FDP63	N Mehar Chaitanya	Programmer	BVRIT HYDERABAD College of Engineering for Women	Telangana
FDP64	K Sasi Pavani Priya	Programmer	BVRIT HYDERABAD College of Engineering for Women	Telangana
FDP65	P.Sai Ramani	Programmer	BVRIT HYDERABAD College of Engineering for Women	Telangana
FDP66	Adabalarajesh	Programmer	BVRIT HYDERABAD College of Engineering for Women	Telangana
FDP67	Ansari Usama Shakeel Ahmed	Research Scholar (MS)	Indian Institute Of Technology Madras	Tamil Nadu
FDP68	M MADHU	Research Scholar (PhD)	VIAET	UTTARPRADESH
FDP69	Algama Masud	Research Scholar (PhD)	T M Bhagalpur University	West Bengal
FDP70	Radhika kumari	Research Scholar (PhD)	LPU, Phagwa, jalandhar	J&K
FDP71	Mihika Mahendra	Research Scholar (PhD)	Netaji Subhas Institute of Technology	Delhi
FDP72	Vinotheni. C	Research Scholar (PhD)	Pondicherry Engineering College	Puducherry

FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING
**REPORT ON FACULTY DEVELOPMENT PROGRAMME ON “ESSENTIALS
OF LINUX SYSTEM ADMINISTRATION”**

*Jointly organized by department of Computer Engineering, department of Information
Technology and department of Electronics and Computer Science*

Fr. Conceicao Rodrigues College of Engineering, Bandra, Mumbai, recently conducted a National level two days Faculty Development Program on “Essentials of Linux System Administration” on 16th & 17th April 2021. The FDP was jointly organized by the department of Computer Engineering, Information Technology & Electronics and Computer Science in collaboration with technology partner SYBGEN. This workshop was conducted under the guidance of Dr. B.S. Daga – Head of the Computer Engineering department, Dr. Jagruti Save – Head of the Information Technology department and Dr. Sapna Prabhu – Head of the Electronics and Computer Science department.

Owing to the COVID19 situation the entire FDP was managed and hosted on an online platform via video conferencing. Participants across all over India actively participated in the FDP and experienced the Linux system administration learning with hands-on experience. About 113 participants from all over India coming from different universities and industry registered for the event. The recordings of the sessions were uploaded on Google drive and shared with the participants. Unlike face to face sessions, the advantage of conducting online FDP was the unbounded reachability and opportunity for the participants to hear from the international speakers.

FDP Theme:

Linux acts as a significant strength in the computing industry. Most of the webserver, mobile phones, personal computers, supercomputers, and cloud-servers are powered by Linux. Linux is an open-source operating system that provides features like high security, reliability, and stability, dominating the server market. The cutting-edge technologies like Cloud Services, IoT, and DevOps tools require a good hold on Linux system administration. This FDP was aimed to train Faculty from different streams on skills required to manage and administer Linux machine and provide practical hands-on skills. Linux system administration is one of the most in-demand skills in the IT industry.

FDP Objectives:

- To help faculty gain Linux systems administration skills and have a deep understanding of Linux fundamentals and concepts. More importantly, they will be able to put those concepts to use in practical, real-world situations.
- To prepare faculty to automate daily tasks by writing Shell Scripts.
- To help the faculty attain essential knowledge of Linux System which will increase their productivity and help prepare for subjects like Cloud Computing, IoT, DevOps, Ethical Hacking, Digital Forensics and many more.

FDP Outline:

- Linux System Architecture
- Linux File systems, File system Hierarchy Standard
- Linux System Administration Commands
- Essential System Services
- Networking Fundamentals
- Linux Package Management
- Shells, Scripting and Data Management
- Linux Server Administration: Configuring LAMP stack

Resource Persons:

- Mr. Paresh Chalke - Sr. DevOps Engineer, Disney Streaming Services Stockport, England, United Kingdom.
- Dr. Gautam Borkar – Associate Professor, Ramrao Adik Institute of Technology, Mumbai.
- Prof. Mahendra Mehra – Assistant Professor, Fr. Conceicao Rodrigues College of Engineering, Mumbai.

Planning:

Planning for the Faculty Development Programme began at the start of March 2021. An external call for sponsor was sent out to corporate partners for their association in any form possible. FDP title was confirmed after brainstorming over multiple topics and with due permission of HOD and Principal madam. Meticulous planning was done to design Brochure and along with registration form which were circulated over social media and messaging platforms. Invitations were sent out to different Industry personnel's using personal contacts and Alma connect to join as resource person for the FDP. Telegram and WhatsApp groups were created to communicate with the registered participants. Online quiz was conducted to validate the learning from the five days FDP. Attendance was analyzed from the online platform and a list was prepared of eligible candidates, certificates were distributed to them via Email.

Technology Sponsors:

SYBGEN was our technology sponsor who provided an opportunity to all the participants of this Two days FDP to get certified as Linux system Administrator for the course offered by SYBGEN.

Event Timeline:

Day 1 (16th April 2021):

The event started with the welcome speech by coordinator Prof. Dipali Koshti. On behalf of Fr. CRCE she welcomed all the participants and introduced them to Fr. CRCE and its history. She briefed the outline and objectives of the FDP course and also introduced the speaker of the first session Prof. Mahendra Mehra. First two sessions of the day1 were engaged by Prof. Mahendra Mehra. He started the session with the introduction to Linux and then took the

detailed hands-on on Linux commands. The sessions were very informative and participants enjoyed live demonstration of the Linux commands. The third session post the lunch break began with the introduction of the next speaker Dr. Gautam Bokar. He gave detailed insight of Networking with Linux and also demonstrated how to manage software packages.

Day 2 (17th April 2021):

Day2 focused on learning advanced Linux administration concepts. Prof. Mahendra Mehra demonstrated Installation of Linux, Apache, MySQL and PHP Server. Next two sessions were conducted by Mr. Paresh Chalke completely dedicated to exploring shell scripts. He demonstrated how to automat tasks using the Shell scripts. All the sessions were appreciated by the participants.

Valedictory:

On 17th April 2021, at 4:00 pm program was concluded by Prof. Prachi Patil with a vote of thanks and briefing the participants about the online exam which was conducted on 21st April 2021.

Feedback:

At the end of each session feedback was collected form the participants using Google form. The response received was amazing. Most of them praised the structure and contents of the programme and the way things were coordinated and communicated. Many of them gave their positive comments on the knowledge of the speakers.

Acknowledgement:

We extend our sincere thanks to the Management, Principal, Head of all the departments and entire CRCE staff for their constant support and guidance. Special thanks to our technology partner SYBGEN for providing an opportunity to all the participants of this FDP to get certified as Linux system Administrator for the course offered by Sybgen. Last but not the least, we thank our entire organizing committee without whose hard work and support this program would not be a success.

Event Coordinators:

Prof. Mahendra Mehra (Assistant Prof, Computer Engg Dept.)

Prof. Dipali Koshti (Assistant Prof, Computer Engg Dept.)

Prof. Prachi Patil (Assistant Prof, Information Technology Dept.)

Prof. Prajakta Bhangale (Assistant prof, Information Technology Dept.)

Prof. Swapnali Makdey (Assistant Prof, Electronics & Computer Science Dept.)

Prof. Jagruti Nagaonkar (Assistant Prof, Electronics & Computer Science Dept.)

Date: 19-04-2021

Place: Mumbai

EVENT SCHEDULE:

DAY	SESSION AND TIME	TOPIC COVERED	RESOURCE PERSON
Day1: 16th April 2021, Friday	9:00 AM TO 11:00 AM	Introduction to Linux <ul style="list-style-type: none"> • Installation • File system Hierarchy Standards 	Prof. Mahendra Mehra, Certified Linux Trainer Assistant Prof. Fr. CRCE, Mumbai
		Linux Command line: <ul style="list-style-type: none"> • Basic commands • Working with the Bash Shell, Bash History • Working with Files & Directories • Piping and Redirection, Finding Files (grep, find) • Read and Set Environmental and ShellVariables • User and Group Management • Managing File Permissions

Computer Engineering Department –CRCE organised a Student Development Program (SDP) workshop on “Chat-bot Designing” on 27-28th August 2021. The objective of the event was to help the students understand the basics of chat-bot designing and clearing their doubts regarding the same hence encouraging them to build their own chat-bot. Total of 160+ students of SE from Computer and AI-DS branch attended the session. The outcome of the workshop was that all the students learned and cleared their doubts regarding chat-bot designing and the speaker also motivated them to form their own bots, to take various projects involving bot designing . The session also helped the students realize how important bots are in Real Life examples. From the Knowledge gained from the SDP, following is the List of few Chatbots Implemented by the Second Year students of Computer Engineering Department in their Mini Project Course.

Sr.No.	Title Of the Project	Student Names
1	Pet Care	Riddhi Dinesh Oza

Student Development Program(SDP)-CRCE **organized** **“CHATBOT DESIGNING” workshop**

Event Name : “CHATBOT DESIGNING” workshop

Date : 27-28th August, 2021

Platform : Zoom

Student Development Program (SDP) Fr. CRCE. organized a workshop on “Chat-bot Designing” on 27-28th August 2021. The objective of the event was to help the students understand the basics of chat-bot designing and clearing their doubts regarding the same hence encouraging them to build their own chat-bot.

A total of 160+ students of SE from Computer and AI-DS branch attended the session. The mode of session delivery was Zoom.

DAY : 1

The session started with Mr. Deepak Bhoir faculty of Fr. CRCE explaining the students importance to adapt the upcoming advancements in the field of computer's. Later the session was continued by our speaker for the day Mr. Yameen Ajani.

Mr. Yameen Ajani

The first half session for day-1 was covered by speaker for the day, Mr. Yameen Ajani who was Technical Secretary of STUCO for the year 2020-21. He has helped conducting various technical events for the students of CRCE. Major events conducted by him were Crescendo and Synergy. Currently he is helping by working as chat-box developer for CRCE.

He initiated the workshop by taking into consideration what prior knowledge the students possessed regarding the chat-bot designing. According he proceeded the session starting with covering the basics. The importance of chat-bots' in our upcoming future along with it's use and accessibility was emphasized. The speaker used various fun illustrations to make the session more easier to understand.

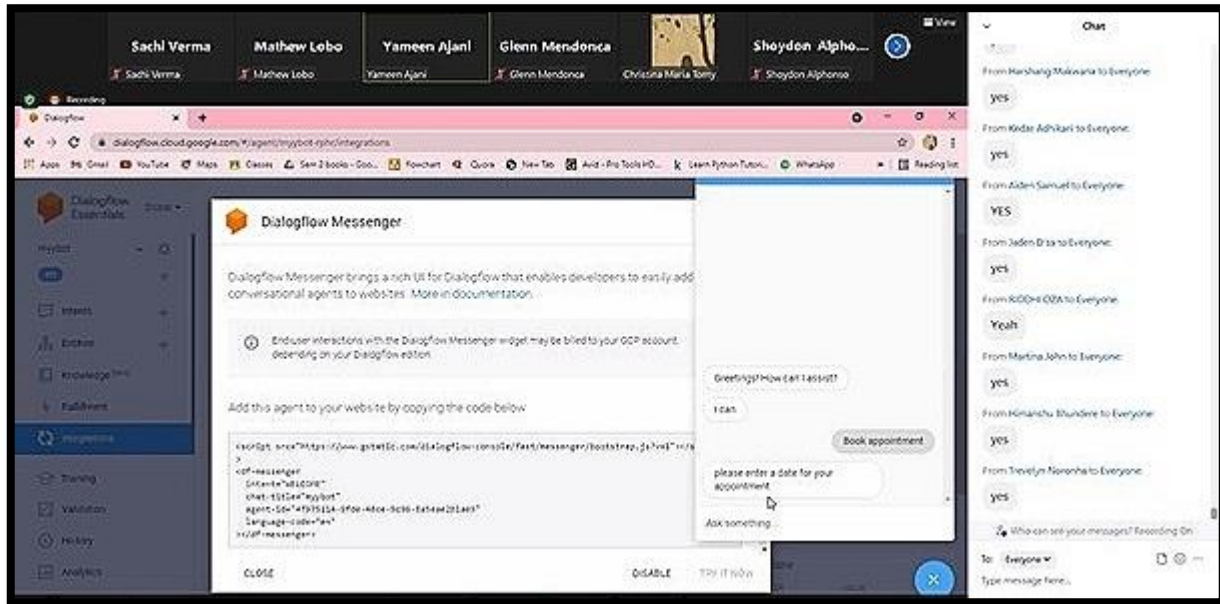

Google Dialogflow platform was used for the making of chatbot. Dialogflow makes it easy to design and integrate conversational user interface hence students found it easy to gasp.

The speaker taught how to add basic training phrases, commands depending on the purpose of our bot thus making familiar how to train the bot.

The second half session for day-1 was covered by Ms. Sachi Verma, who is the current Technical Secretary of STUCO for the year 2021-22. Ms. Sachi continued the workshop by covering the topics on how to add reference links to our bot and few more.

Day-1 ended on a happy note with students having satisfactory responses along with basic knowledge of bot building.

DAY : 2

The second day of workshop started with having speaker, Mr. Noel Jaymon. He has developed various chat-bots' which are currently used on platforms such as Google Assistant, Telegram and many more. Mr. Noel is currently working as Conventional Bot Engineer at Quantiphi.

Mr. Noel Jaymon

He initiated the session by taking recap of what was done in previous day's session. Later he explained the theory behind chat-bot making in detail. The speaker had prepared various chats, graphs, etc which made it simpler to learn and understand the concepts covered.

Agent Training

- Overfit Model- (Low Bias High Variance)
- Underfitting Model-(High Bias Low Variance)
- Balanced Model- (?)

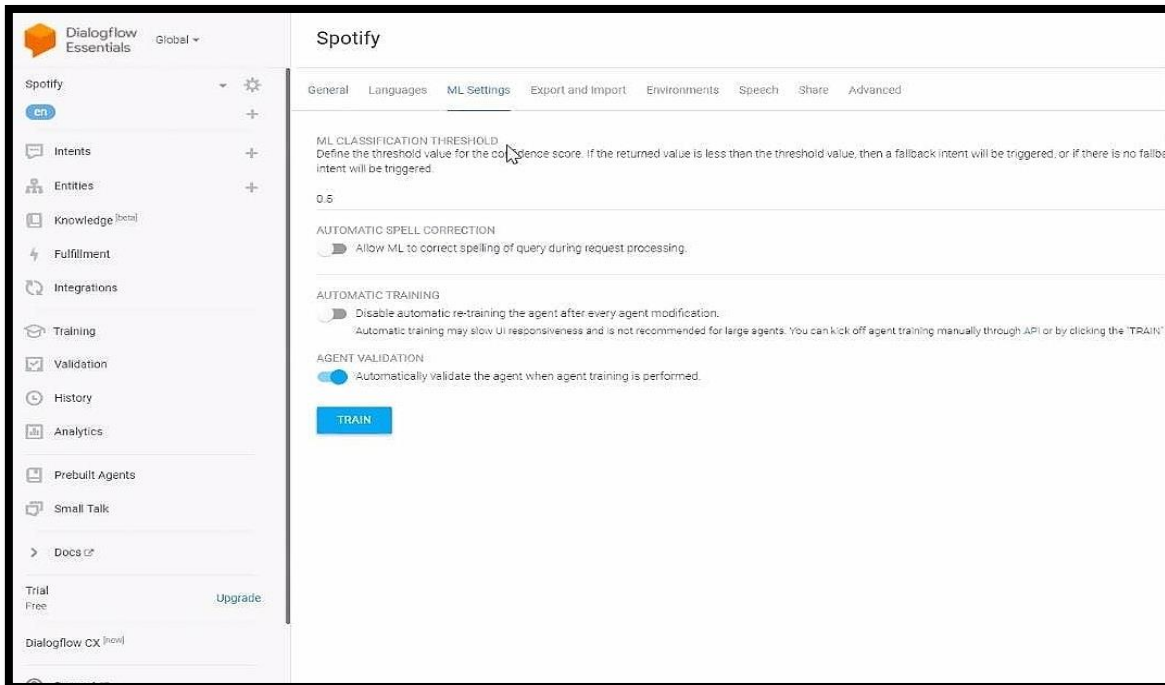

overfitting

underfitting

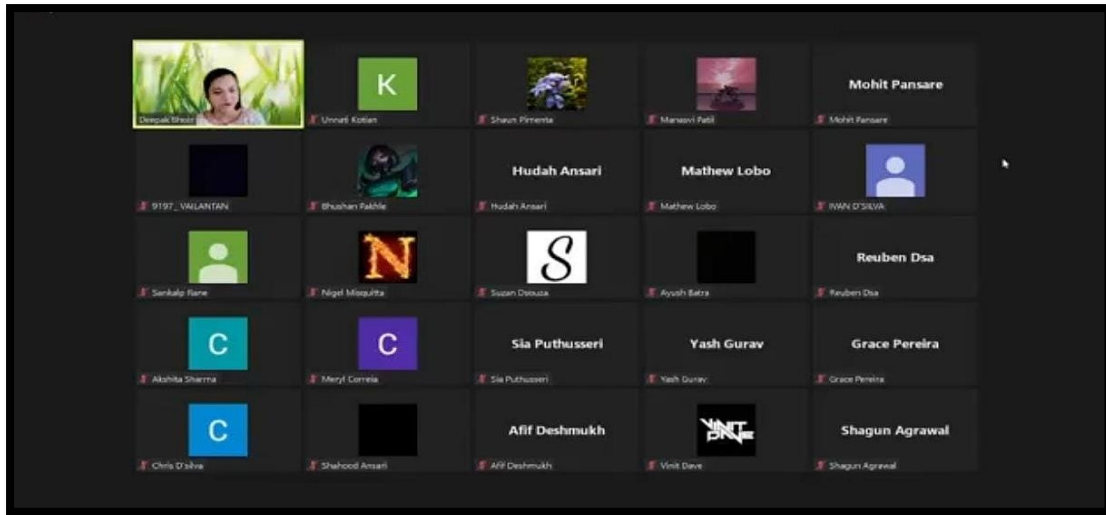

The session was continued with covering steps required to link a particular bot to any apps. Backend programming to form a chat-bot was taught with the help of VS code and Node JS.

The overall environment created in the workshop encouraged students to freely ask their doubts without any hesitation. Therefore the audience actively participated and interacted during the session and cleared all their queries they had in minds.

The questions asked by the audience included such as:

- How to make pre-defined slots
- How to get value of parameters in training phases
- What steps do we need to take to create a caller id
- How to add different intents' context in one intent
- What is the procedure to attach links in our bot
- How to create more options to choose from in our bot

The outcome of the workshop was that all the students learned and cleared their doubts regarding chat-bot designing and the speaker also motivated them to form their own bots and to take various projects involving bot designing by stating his experience and guidance. The session also helped the students realize how important bots are with the help of examples. It enlightened the students about what they should do in future and it's never late to begin.

A good feedback was received from all the participants. All the students were thrilled to get the guidance from mentor Mr. Yameen Ajani and Mr. Noel Jaymon. Participation certificates were also provided to the participants by the department of Computer and AI-DS. An active participation by the speaker, faculty members and the participants made the “CHATBOT DESIGNING” workshop a grand success!

**Subject : Invitation as Guest Speaker for our Third Year
B.E. Computer Engineering Students**

Respected Sir,

At the outset, please accept our greetings.

We will be arranging an online lecture for our Third Year B.E. Computer Engineering students on the topic "Role of Analytics from Placement Perspective" as a part of their curriculum.

We would like to invite you as a Guest Lecturer to deliver the session on the above said subject on Monday, 18th October 2021 from 11.15 PM onwards.

Your expert talk will certainly help the students to navigate the placement process successfully and understand the areas that needs improvements knowledge on the above subject.

We thank you in anticipation for acceptance of our invitation as a Guest Lecturer.

Thanking you,

With Regards

Dr. (Mrs.) Srija Unnikrishnan
Principal

FR.CONCEICAO RODRIGUES COLLEGE OF ENGINEERING
FR. AGNEL ASHRAM BANDRA (WEST)
DEPARTMENT OF COMPUTER ENGINEERING AND DEPARTMENT OF AI & DATA SCIENCE
ORGANISES A TWO DAY
FACULTY DEVELOPMENT PROGRAMME ON

ADVANCE CLOUD COMPUTING
DOCKER AND KUBERNETES

DATE : 28TH & 29TH JAN 2022
TIME : 10:30 AM - 4:00 PM

DR BHUSHAN JADHAV
ASSISTANT PROFESSOR, THADOMAL SHAHANI
COLLEGE OF ENGINEERING, BANDRA MUMBAI

THOMPSON NAIDU
SENIOR SOFTWARE DEVELOPER QUANTIPHI

PRANAY LOBO
SOFTWARE ENGINEER (R&D)
PROTEGRITY

CONVENERS
Dr. B.S. Daga ,HOD (COMPUTER DEPARTMENT)
Dr. Jagruti Save,HOD (AI & DS DEPARTMENT)

REGISTRATION LINK : <https://forms.gle/Tm4xZJuRsPaKowUk8>

REGISTRATION FEES RS 200

PROGRAM COORDINATORS
Prof. Kranti Wagle (AI & DS DEPARTMENT) -9619610494
Prof. Supriya Kamoji (COMPUTER DEPARTMENT)-992048743

DAY 1

DAY 2

Docker- Implement Containerization using Docker

- To know the basic differences between Virtual machine and Container.
- Demonstration of creating, finding, building, installing, and running Linux/Windows application containers inside local machine or cloud platform

- To study and implement container orchestration using Kubernetes
- To understand the steps to deploy Kubernetes Cluster on local systems, deploy applications on Kubernetes, creating a Service in Kubernetes

**FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING, BANDRA(W)
DEPARTMENT OF COMPUTER ENGINEERING and AI & DATA SCIENCE
TWO DAY FACULTY DEVELOPMENT PROGRAMME 2022 ON
“ADVANCE CLOUD COMPUTING -DOCKER AND KUBERNETES”.
DAY WISE SCHEDULE**

Day	Time (IST)	Speaker	Topic
Day 1 (28/01/2022) Friday	10:30 am - 11:45 am	Mr. Thompson Naidu Senior Software developer @Quantiphi, Mumbai	Inauguration Introduction to Docker
	12:00 pm - 1:00pm	Dr. Bhushan Jadhav Assistant Professor, Artificial Intelligence & Data Science Department, Thadomal Shahani Engineering College of engineering, Mumbai.	Implement Containerization using Docker
	1:30 pm - 3:30pm	Dr. Bhushan Jadhav Assistant Professor, Artificial Intelligence & Data Science Department, Thadomal Shahani Engineering College of engineering, Mumbai.	Hands on experiments on Docker
Day 2 (29/01/2022) Saturday	10:30 am - 11:45 am	Mr. Pranay Lobo Software Engineer (R&D) @Protegrity, Mumbai	Introduction to Kubernetes.
	12 pm - 1:00 pm	Dr. Bhushan Jadhav Assistant Professor, Artificial Intelligence & Data Science Department, Thadomal Shahani Engineering College of engineering, Mumbai.	Implement container orchestration using Kubernetes.
	1:30 pm - 3:30pm	Dr. Bhushan Jadhav Assistant Professor, Artificial Intelligence & Data Science Department, Thadomal Shahani Engineering College of engineering, Mumbai.	Hands on experiments on Kubernetes

**** The schedule/session may be extended or modified based on the requirement of the session.**

To,

Date: 18-01-2022

The Principal
CRCE
Bandra(W)
Mumbai-50

Subject: Faculty Development Programme on “**Advance Cloud Computing-Docker and Kubernetes**”.

Respected Madam,

Department of Computer Engineering and AIDS , is organising two days Faculty Development Programme (FDP) on “**Advance Cloud Computing-Docker and Kubernetes**” on 28th and 29th January 2022. Speakers for the FDP are as follows

- 1.Dr.Bhushan Jadhav (Assistant Professor-Thadomal Shahni College of Engineering)
- 2.Mr.Thomson Naidu(Sr.Software Developer -Quantiphi)
- 3.Mr.Pranay Lobo (Software Engineer-Protegrity)

Number of participants expected for this programme will be around 25. Estimated Income/expenditure for the above said programme is as below.

	Expenditure	Income
Remuneration for the speakers	5000/	-
No.of Speakers	3	-
No.of Participants	-	25
Fees /Participant	-	200
Total	5000/	25*200=5000/
Profit Earned	Income-Expenditure=0/-	

Kindly approve the above budget.

Thanking you

Yours sincerely,

Prof.Kranti Wagle(Department of AI&DS)
Prof.Supriya Kamoji(Department of Computer Engineering)
Prof.Unik Lokhande(Department of AI&DS)
FDP Co-ordinators

DEPARTMENT OF COMPUTER ENGINEERING and DEPARTMENT OF AI & DATA SCIENCE
REPORT ON FACULTY DEVELOPMENT PROGRAMME ON ADVANCE CLOUD COMPUTING
-DOCKER AND KUBERNETES

Report compiled by: Supriya Kamoji

The Department of Computer Engineering and Department of AI & DATA Science of Fr. Conceicao Rodrigues College of Engineering, Mumbai organized a **Two day Faculty Development Program** (Online) on “**ADVANCE CLOUD COMPUTING -DOCKER AND KUBERNETES**” on 28th and 29th January 2022. This programme was a combination of Expert’s Speeches & Practical Demonstrations by eminent personalities from Industry and Academia. This FDP was aimed for teachers who are teaching various disciplines of science and engineering subjects in colleges or Universities and was also open for research scholars and Industry Personnel’s. The FDP received good response with 38 number of participants registered for this programme from different Colleges. Owing to the COVID19 situation the entire FDP was managed and hosted on online platform via video conferencing.

FDP THEME AND OUTLINE

Around the world Digital transformation has reformed the ‘traditional’ industries to smart industries by exponentially growing technologies. In essence, Industry 4.0 concerns the transformation of IT industry processes through the integration of modern technologies such as sensors, communication, and computational processing. Technologies such as Cyber Physical Systems (CPS), Internet of Things (IoT), Cloud Computing, Machine Learning, Blockchain and Data Analytics are considered to be the different drivers necessary for the transformation. **Cloud computing** is one of the key enabler of modern Industry 4.0 automation solutions. So, **Cloud computing is considered as the third Revolution of the IT industry.**

This FDP was aimed to offer learners an introduction to technological advances in Cloud Computing, its applications in the business world. Learners gained deep insights into how smartness is being harnessed from data and appreciate what needs to be done in order to overcome some of the challenges. Participants understood the opportunities, challenges brought about by advanced Cloud Computing .

OUTLINE:

- ✓ **Advanced Cloud Computing:** A critical enabler boosting the IT Industrial Revolution.
- ✓ **Docker:** A valuable cloud technology that enables developers to package applications into containers.
- ✓ **Kubernetes:** A valuable cloud technology for container orchestration system for automating software deployment, scaling, and management.

Planning:

Planning for the Faculty Development Programme began at the start of January 2022. FDP title was confirmed after brainstorming over multiple topics and with due permission of HOD and Principal madam. Meticulous planning was done to design Brochure along with registration form which were circulated over social media and messaging platforms. Invitations were sent out to different Industry personnel's using personal to join as resource person for the FDP WhatsApp groups were created to communicate with the registered participants. Online Feedback was collected to validate the learning from the two days FDP. Attendance was analyzed from the online platform and a list was prepared of eligible candidates and certificates were distributed to them via Email. Course materials and recordings of the sessions were shared with participants for their future reference.

Event Timeline:

Day 1 (29th January 2022):

The FDP started with a welcome speech by Prof. Supriya Kamoji, she welcomed the participants for the online programme and introduced them to Fr. CRCE. She went on to introduce the session1 speaker for the FDP, **Mr. Thompson Naidu**, Senior Software developer @Quantiphi. Mr. Thompson Naidu later addressed the audience on Introduction to containers, Difference between VM and containers, Docker containers, Docker terminology (docker container, image, .dockerFile) and 5. Hands on (Introduction to docker cli, Docker architecture, Docker command, Some experiment)and Hosting an application inside docker container

Our next speaker for the day, **Dr. Bhushan Jadhav**, Assistant Professor, Artificial Intelligence & Data, shared his knowledge by hands on Implementation of Containerization using Docker.

Day 2 (29th January 2022):

Mr. Pranay Lobo, Software Engineer (R&D) @Protegrity introduced the audiences to the concept of advanced cloud computing and Kubernetes. How these cutting-edge technologies are being used in IT industries to gain better technological and business advantages to deliver reliable services to the customers.

Session2 was continued by Dr. Bhushan Jadhav on Implement container orchestration using Kubernetes and hands experiments on Kubernetes.

Valedictory:

Program was concluded by Prof. Kranti Wagle with a vote of thanks to Rev. Fr. Valerian Dsouza, Director for his constant motivation, Principal Madam, Dr. Mrs. Srija Unnikrishnan and HOD of Computer Department, Dr.B. S. Daga and HOD of AI&DS Department Dr. Jagruti Save for their best wishes and continuous support.

Feedback

Feedback was collected from the participants after the program concluded using Google form. The response received was amazing. Participants average rating for the FDP was 4.5 out of 5. Most of them praised the structure and contents of the programme and the way things were coordinated and communicated. Many of them gave their positive comments on the knowledge of the speakers. Also suggested to conduct five days programme on the same topic to get detailed insight.

Event Coordinators:

Prof. Kranti Wagle (AI & Dept.)

Prof. Supriya Kamoji (Assistant Prof, Computer Engg Dept).

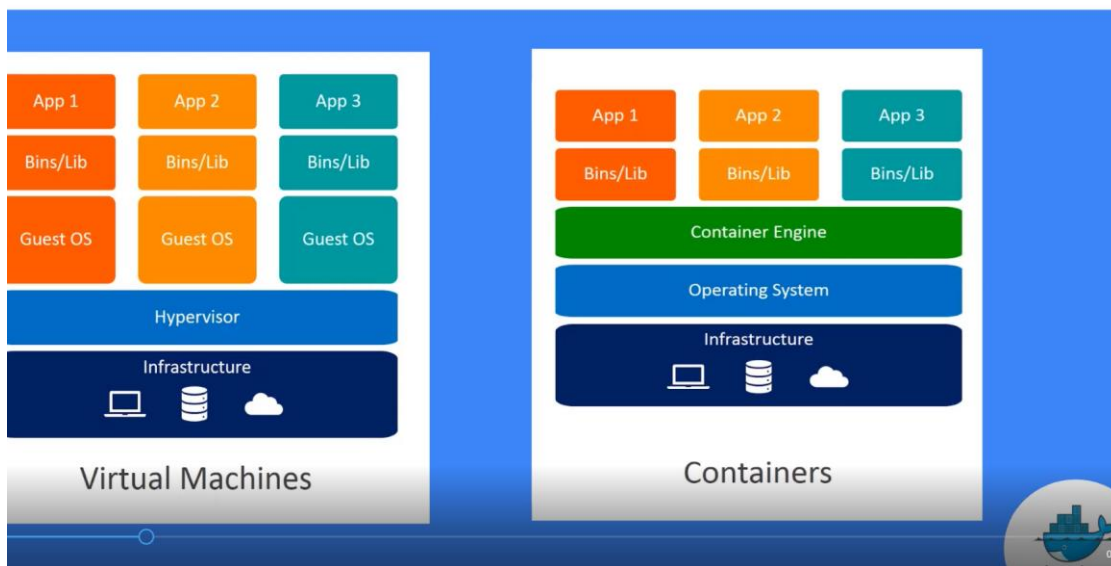

Prof.Unik Lokhande (AI & DS Dept).

Image Gallery

Prof. Supriya Kamoji giving inaugural speech and Welcoming participants for the programme.

Virtual Machine Vs Container

Mr. Thompson Naidu, Senior Software Develop @ Quantiphi , session on Introduction to Docker

```
File Edit View Search Terminal Help  
example@example:~$ sudo apt-get install docker-ce=18.03.1~ce-3-0-ubuntu
```

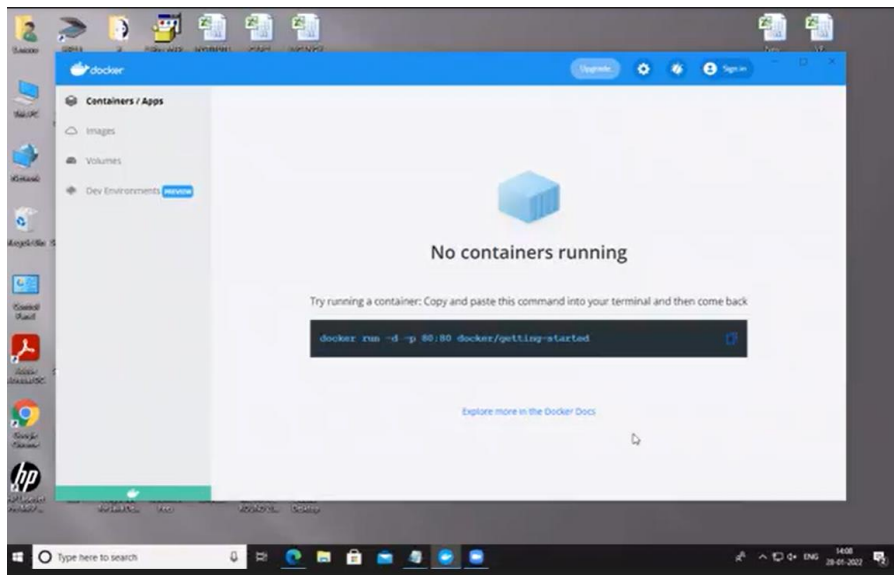

Option 3: Install Docker from a .deb Package

You can also install Docker manually by downloading the Docker .deb file.

1. First, navigate to the [Docker download page](#).
2. Next, click on the **pool** link, then **stable**, then **amd64**. This is the location of the stable Docker releases for Ubuntu 18.04.

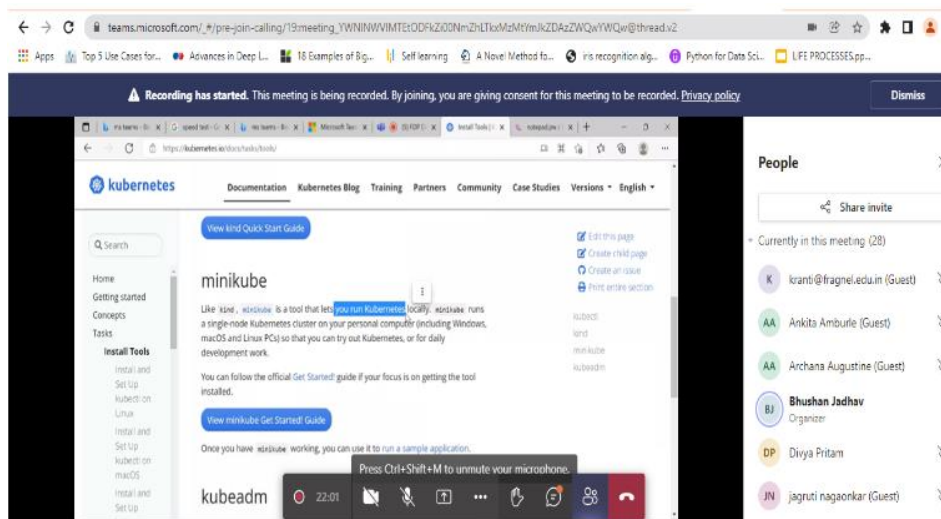

Dr. Bhushan Jadhav, Assistant Professor, Thadomal Shahani College of Engineering, Mumbai Hands Session on Docker

Dr. Bhushan Jadhav, Assistant Professor, Thadomal Shahani College of Engineering, Mumbai Hands Session on Docker

Mr. Pranay Lobo, Software Engineer, @ Protegrity, Mumbai , Session on Kubernetes

Dr. Bhushan Jadhav, Assistant Professor, Thadomal Shahani College of Engineering, Mumbai Hands Session on Kubernetes

Prof. Kranti Wagle giving vote of thanks in the Validictory Session

Invited Speakers:

Dr. Bhushan Jadhav, Assistant Professor, Artificial Intelligence & Data

Mr. Thompson Naidu, Senior Software developer @Quantipi.

Mr. Pranay Lobo, Software Engineer (R&D) @Protegrity
